• EXPLANATION OR COMMENTS BY THE BOARD ON EVERY QUALIFICATION, RESERVATION OR ADVERSE REMARK OR DISCLAIMER MADE:

Your Board of Directors wish to provide following responses for the qualification, reservation or adverse remark or disclaimer made by Auditor in their report issued for the financial year 2023-24:

Sl. No	Particulars	Response from Board of Directors
1	Point 11(b) of Auditors' Report - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the backup of books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year.	The Company is exploring the options to comply with provisions of Companies Act, 2013 and rules made thereunder.
2	Point 11(h)vi of Auditors' Report- Based on our examination, the Company has used multiple accounting software for maintaining its books of account. However, in the absence of adequate evidence of necessary controls and documentation regarding whether audit trail feature is enabled for all relevant transactions, we are unable to comment on the audit trail feature of the aforesaid software. Accordingly, the question of our commenting on whether the audit trail had operated throughout the year or was tampered with, does not arise.	The Board is exploring the options to comply with the requirement of audit trail.
3	Point vii (a) of Annexure B to Auditors' Report - In our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of Income Tax and provident fund, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including employees' state insurance, income tax, duty of customs, cess, goods and services tax and other material statutory dues, as applicable, with the appropriate authorities.	The matter reported by auditors is self-explanatory and your Board will take necessary step to make timely payments of undisputed statutory dues.

Also, there are no frauds reported by the Statutory Auditors of the Company with the central government and/or under sub-section (12) of section 143 other than those which are reportable to the Central Government.

• LOANS, GUARANTEES GIVEN OR INVESTMENT MADE DURING THE REPORTING YEAR:

The Company has not given any loan, provided any guarantee/security in connection with any loan and has not made any investments covered under Section 186 of the Companies Act, 2013 during the reporting period.

• REMUNERATION PAID TO EMPLOYEES:

Disclosure requirements of the remuneration paid to employees is not applicable for a private company.

• APPOINTMENT OF M/S. PRICE WATERHOUSE & CO CHARTERED ACCOUNTANTS LLP, AS STATUTORY AUDITOR OF THE COMPANY:

M/s. Price Waterhouse & Co., Chartered Accountants LLP, bearing firm registration number 304026E/E-300009, were appointed as statutory auditor of the Company in the Annual General Meeting held on September 27, 2019 who are entitled to hold the office of auditor until the conclusion of the ensuing Annual General Meeting (AGM) of the Company.

Accordingly, re-appointment of M/s Price Waterhouse & Co., Chartered Accountants LLP as the statutory auditor of the Company has been recommended in the ensuing AGM for a term of 5 (five) years i.e. from the conclusion of ensuing AGM till the conclusion of consecutive five AGM in terms of Section 139 of the Companies Act, 2013 and the rules made thereunder.

• FINANCE AND SHARE CAPITAL:

• Equity Share with differential rights:

Company has not issued equity shares with differential rights during the financial year and hence the disclosure requirements in this connection will not apply to the Company accordingly.

• Issue of sweat equity shares:

The funds have been disbursed by the Company and utilized by respective NGOs. The amount reported as spent in the Annual Report on CSR activities are the funds that the NGOs utilized towards the CSR projects as per the Annual Action Plan for financial year 2023-24. Accordingly, your Board of Directors confirm that Company has not failed to spend 2% (Two percentage) of the average net profit as per section 135 (5) of the Companies Act, 2013.

The details of CSR activities undertaken during the year and related expenditure in the prescribed manner are provided in Annexure – I enclosed to this Boards' Report.

• PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES:

Particulars of contracts or arrangements with related parties referred to in Section 188(1) of the Companies Act, 2013, in the prescribed Form AOC-2, is appended as Annexure II to the Board's report.

Any transactions entered between subsidiary, holding Company and associate Company has been exempted for a private limited Company vide notification dated June 5, 2015.

• DISCLOSURE AS REQUIRED UNDER SECTION 22 OF SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013:

The Company is committed to provide a healthy environment to women employees and thus does not tolerate any discrimination and/or harassment in any form. The Company has in place a Prevention of Sexual Harassment (POSH) policy in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Frequent communication of this policy is done in assimilation programs and at regular intervals to the employees. Following are some of the awareness programs imparted to train the employees and Internal Complaints Committee (ICC).

• Every employee is supposed to undergo mandatory induction which includes overview of company policy on “Prevention of Sexual Harassment” at workplace.

• The internal complaints committee is trained by external agency.

• Policy of “Prevention of Sexual Harassment” at workplace is available on intranet for the employees to access as and when required and also displayed on the notice board.

The Company has setup an Internal Complaints Committee (ICC) at its registered office. ICC has equal representation of men and women and is chaired by senior lady and has an external women representation. In case of any complaints, ICC investigates the case and provides its recommendations to the apex authority. The apex authority upon receiving the recommendations from ICC arrives at the conclusion and acts upon such recommendations.

The following is the summary of the complaints received and disposed off during the financial year 2023 – 24:

a) No. of Sexual Harassment (SH) complaints received: NIL

b) No. of SH complaints disposed – off : NIL

• CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUT-GOINGS:

• CONSERVATION OF ENERGY.

Since the Company is not an energy intensive industry, the particulars as prescribed under section 134(3)(m) read with sub-rule 3 or rule 8 of Companies (Accounts) Rules, 2014, are not set out in this Report of Board of Directors, Nevertheless, the Company is taking adequate steps to conserve and minimize the use of energy wherever it is possible.

• TECHNOLOGY ABSORPTION.

• the efforts made towards technology absorption: The Company has put in all efforts to use latest technologies in view of the nature of activities carried on by the Company.

• the benefits derived like product improvement, cost reduction, product development or import substitution: Not applicable

• in case of imported technology (imported during the last three years reckoned from the beginning of the financial year): The Company has not imported any technology during the last three years.

• Expenditure incurred on Research and Development: The Company has not obtained any technology from outside parties and not entered into any technical collaboration agreement with any party from abroad. The Company has not incurred any expenditure on research and development.

• FOREIGN EXCHANGE EARNINGS AND OUTGO.

During the year under review, the Foreign Exchange earnings and expenditures were as follows:

Sl. No.	Particulars	Amount in INR Million
	Earnings in Foreign Exchange	46,264
	Expenditure in Foreign Currency	16,637

• MAINTENANCE OF COST RECORDS:

The requirement of maintenance of cost records does not apply to the Company under Section 148 of the Act and as per the Companies (Cost records & audit) Rules 2014.

The auditors have also confirmed in their report for the Financial Year 2023-24 that the Central Government has not prescribed the maintenance of cost records under Section 148 of the Act for any of the products manufactured/services rendered by the Company.

• COMPLIANCES OF APPLICABLE SECRETARIAL STANDARDS BY THE COMPANY DURING THE FINANCIAL YEAR 2023-24:

The Company has devised proper systems to ensure compliance with the provisions of all applicable Secretarial Standards issued by the Institute of Company Secretaries of India and that such systems are adequate and operating effectively.

• THE DETAILS OF APPLICATION MADE OR ANY PROCEEDING PENDING UNDER THE INSOLVENCY AND BANKRUPTCY CODE, 2016 (31 OF 2016) (“IBC”) DURING THE YEAR ALONG WITH THEIR STATUS AS AT THE END OF THE YEAR

The are no application made or any proceeding pending under the IBC during the Year for the Company. Hence, this point is not applicable.

• THE DETAILS OF DIFFERENCE BETWEEN AMOUNT OF THE VALUATION DONE AT THE TIME OF ONE TIME SETTLEMENT AND THE VALUATION DONE WHILE TAKING LOAN FROM THE BANKS OR FINANCIAL INSTITUTIONS ALONG WITH THE REASONS THEREOF

Since your Company has not availed any Loan from Bank for Financial institution, this point is not applicable.

• DIRECTORS' RESPONSIBILITY STATEMENT:

The Directors confirm and state that:

• In the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures;

• The Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that Period;

• The Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

• The Directors had prepared the annual accounts on a going concern basis; and

• The Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

ACKNOWLEDGEMENT:

Your directors acknowledge with thanks the support and valuable co-operation extended by the bankers and shareholders of the Company. Your Directors also sincerely acknowledge the significant contributions made by the employees for their dedicated services to the Company.

Disclosure of report concerns about unethical behaviour, actual or suspected fraud or violation of company's code of conduct or ethics policy [Text Block]

The Company is committed to provide a healthy environment to women employees and thus does not tolerate any discrimination and/or harassment in any form. The Company has in place a Prevention of Sexual Harassment (POSH) policy in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Frequent communication of this policy is done in assimilation programs and at regular intervals to the employees. Following are some of the awareness programs imparted to train the employees and Internal Complaints Committee (ICC).

• Every employee is supposed to undergo mandatory induction which includes overview of company policy on "Prevention of Sexual Harassment" at workplace.

• The internal complaints committee is trained by external agency.

• Policy of "Prevention of Sexual Harassment" at workplace is available on intranet for the employees to access as and when required and also displayed on the notice board.

The Company has setup an Internal Complaints Committee (ICC) at its registered office. ICC has equal representation of men and women and is chaired by senior lady and has an external women representation. In case of any complaints, ICC investigates the case and provides its recommendations to the apex authority. The apex authority upon receiving the recommendations from ICC arrives at the conclusion and acts upon such recommendations.

The following is the summary of the complaints received and disposed off during the financial year 2023 – 24:

a) No. of Sexual Harassment (SH) complaints received: NIL

b) No. of SH complaints disposed – off : NIL

Disclosure in auditors report relating to fixed assets

i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment. (B) According to the information and explanations given to us and the records of the Company examined by us, the Company does not have any Intangible assets and accordingly, reporting under this Clause is not applicable. (b)The Property, Plant and Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. (c)The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 4 on Property, Plant and Equipment to the financial statements, are held in the name of the Company. (d)The Company has chosen cost model for its Property, Plant and Equipment (including Right of Use assets). Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) does not arise. (e)Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the financial statements does not arise.

Textual information (29)

Disclosure relating to physical verification and material discrepancies of fixed assets

(b)The Property, Plant and Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.

Textual information (30)

Disclosure relating to title deeds of immovable properties

(c)The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 4 on Property, Plant and Equipment to the financial statements, are held in the name of the Company.

Textual information (31)

Disclosure in auditors report relating to loans

(a) The Company does not have any subsidiaries, joint ventures or associates. The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to unsecured loans granted to employees are as per the table given below. Description Amount in INR in millions Aggregate amount granted/provided during the year -Loans to employees 7 Balance outstanding as at March 31, 2024 in respect of the above case -Loans to employees 4 (b)In respect of the aforesaid loans, the terms and conditions under which such loans were granted are not prejudicial to the Company’s interest. (c)In respect of the aforesaid loans, the schedule of repayment of principal has been stipulated, and the parties are repaying the principal amounts, as stipulated. The aforesaid loans are interest free. (d)In respect of the aforesaid loans, there is no amount which is overdue for more than ninety days. (e)There were no loans/ advances in the nature of loans which have fallen due during the year and were renewed/extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans. (f)The loans granted during the year, had stipulated the scheduled repayment of principal and the same were not repayable on demand. There are no loans/advances in the nature of loans granted during the year to promoters or related parties

Textual information (32)

Disclosure about loans granted to parties covered under section 189 of companies act

Textual information (41)

Disclosure in auditors report relating to fraud by the company or on the company by its officers or its employees reported during period

xi (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

Textual information (42)

Disclosure in auditors report relating to transactions with related parties

Xiii) The Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act and, accordingly, to this extent, the reporting under clause 3(xiii) of the Order is not applicable to the Company

Textual information (43)

Disclosure in auditors report relating to preferential allotment or private placement of shares or convertible debentures

x (b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

Textual information (44)

Disclosure in auditors report relating to non-cash transactions with directors or persons connected with him

xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.

Textual information (45)

Disclosure in auditors report relating to registration under section 45-IA of Reserve Bank of India Act, 1934

xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.

Textual information (46)

Disclosure in auditor's report explanatory [Text Block]

Independent Auditor's Report To the Members of Nvidia Graphics Private Limited Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of Nvidia Graphics Private Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the “Auditor's Responsibilities for the Audit of the Financial Statements” section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section

133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

8. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

? Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

? Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

? Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

? Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

? Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

9. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

10.As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

11. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the backup of the books of account and other books and papers maintained in electronic mode has not been maintained on servers physically located in India and the matters stated in paragraph 11(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended)].

(c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

(d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 11(b) above on reporting under Section 143(3)(b) and paragraph 11(h)(vi) below on reporting under Rule 11(g) of the Rules.

(g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.

(h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 29 to the financial statements.

ii. The Company was not required to recognise a provision as at March 31, 2024 under the applicable law or accounting standards, as it does not have any material foreseeable losses on long-term contract. The Company did not have any derivative contracts as at March 31, 2024.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2024.

iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 38 (vii) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 38 (vii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. The dividend paid during the year by the Company is in compliance with Section 123 of the Act.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility. Other than one accounting software, where the audit log is not maintained in case of modification by certain users with specific access and where no audit trail has been enabled at the database level, the audit trail feature has operated throughout the year for all relevant transactions recorded in the software. During the course of performing our procedures, other than the aforesaid instances of audit trail not maintained where the question of our commenting does not arise, we did not notice any instance of audit trail feature being tampered with.

Further, the Company has used accounting software, which is operated by a third party service provider for maintaining its books of account and in the absence of the independent service auditor's report, we are unable to comment on whether the audit trail feature of the aforesaid software was enabled and operated throughout the year for all relevant transactions recorded in the software or whether there were any instances of the audit trail feature being tampered with.

12. The provisions of Section 197 read with Schedule V to the Act are applicable only to public companies. Accordingly, reporting under Section 197(16) of the Act is not applicable to the Company.

ANNEXURE A to the Independent Auditor's report

Referred to in paragraph 11(g) of the Independent Auditor's Report of even date to the members of Nvidia Graphics Private Limited on the financial statements as of and for the year ended March 31, 2024

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of Nvidia Graphics Private Limited (“the Company”) as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

2. The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (“the Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024 , based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Date: September 5, 2024 UDIN:24057687BKFTQE7865

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) According to the information and explanations given to us and the records of the Company examined by us, the Company does not have any Intangible assets and accordingly, reporting under this Clause is not applicable.

• The Property, Plant and Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.

• The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 4 on Property, Plant and Equipment to the financial statements, are held in the name of the Company.

• The Company has chosen cost model for its Property, Plant and Equipment (including Right of Use assets). Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) does not arise.

• Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the financial statements does not arise.

ii. (a) The Company is in the business of rendering services and, consequently, does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.

(b) During the year, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks and financial institutions on the basis of security of current assets and accordingly, the question of our commenting on whether the quarterly returns or statements are in agreement with the unaudited books of account of the Company does not arise.

iii. (a) The Company does not have any subsidiaries, joint ventures or associates. The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to unsecured loans granted to employees are as per the table given below.

Description	Amount in INR in millions
Aggregate amount granted/provided during the year • Loans to employees	7
Balance outstanding as at March 31, 2024 in respect of the above case • Loans to employees	4

• In respect of the aforesaid loans, the terms and conditions under which such loans were granted are not prejudicial to the Company’s interest.
• In respect of the aforesaid loans, the schedule of repayment of principal has been stipulated, and the parties are repaying the principal amounts, as stipulated. The aforesaid loans are interest free.
• In respect of the aforesaid loans, there is no amount which is overdue for more than ninety days.
• There were no loans which fell due during the year and were renewed/extended. Further, no fresh

loans were granted to same parties to settle the existing overdue advances in nature of loans.
• The loans granted during the year, had stipulated the scheduled repayment of principal and the same were not repayable on demand. There are no loans/advances in the nature of loans granted during the year to promoters or related parties.

iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Therefore, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.

vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the services of the Company. Accordingly, reporting under clause 3(vi) of the Order is not applicable to the Company.

vii. (a) In our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of Income Tax and provident fund, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including employees’ state insurance, income tax, duty of customs, cess, goods and services tax and other material statutory dues, as applicable, with the appropriate authorities.

(b) There are no statutory dues of provident fund, employees state insurance, duty of customs, cess, goods and service tax and other material statutory dues, which have not been deposited on account of any dispute. The particulars of income tax as at March 31,2024 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (INR in million)	Amount paid under protest (INR in million)*	Period to which the amount relates (Financial Year)	Forum where the dispute is pending
The Income Tax Act, 1961	Income Tax	0.74	0.74	2002 -03	Assessing Officer
7.14	3.57	2004 -05	Assessing Officer		
9.48	4.74	2006-07	Assessing Officer /Transfer Pricing Officer		
71.69	28.21	2006-07	Commissioner of Income Tax (Appeals)		
9.08	9.08	2010-11	Income Tax Appellate Tribunal		

156.07	156.07	2011-12	Assessing Officer
91.03	79.00	2012-13	High Court
368.72	73.00	2013 -14	Commissioner of Income Tax (Appeals)
437.52	260.00	2014 -15	Commissioner of Income Tax (Appeals)
521.40	110.00	2015 -16	Commissioner of Income Tax (Appeals)
1,185.54	400.00	2016 -17	Income Tax Appellate Tribunal
1,827.94	600.00	2017-18	Income Tax Appellate Tribunal

*Amount paid under protest includes refund granted of INR 105.48 million adjusted against various financial years.

Also refer Note 29 of the financial statements for income tax matters.

viii. There are no transactions previously unrecorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix. (a) As the Company did not have any loans or other borrowings from any lender during the year, the reporting under clause 3(ix)(a) of the Order is not applicable to the Company.
• On the basis of our audit procedures, we report that the Company has not been declared Wilful
Defaulter by any bank or financial institution or government or any government authority.
• The Company has not obtained any term loans. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
• According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, the Company has not raised funds on short-term basis. Accordingly, reporting under clause 3(ix)(d) of the Order is not applicable to the Company.
• According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiaries, joint ventures or associate companies during the year. Accordingly, reporting under clause 3(ix)(e) of the Order is not applicable to the
Company.
• According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiaries, joint ventures or associate companies during the year. Accordingly, reporting under clause 3(ix)(f) of the Order is not applicable to the Company.

x (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of

the Order is not applicable to the Company.

x (b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

xi (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

xi (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules,. 2014 was not required to be filed with the Central Government. Accordingly, the reporting under

clause 3(xi)(b) of the Order is not applicable to the Company.

xi (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, the Company has received whistle-blower complaints during the year, which have been considered by us for any bearing on our audit and reporting under this clause.

xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.

xiii. The Company has entered into transactions with related parties in compliance with the provisions

of Section 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 “Related Party Disclosures” specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act and, accordingly, to this extent, the reporting under clause 3(xiii) of the Order is not applicable to the Company.

xiv. (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

xiv. (b) The reports of the Internal Auditor for the period under audit have been considered by us.

xv. In our opinion, the Company has not entered into any non-cash transactions with its directors
or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.

xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.
• The Company has not conducted non-banking financial/housing finance activities during
the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.

• The Company is not a Core Investment Company (CIC) as defined in the regulations made
by the Reserve Bank of India. Accordingly, the reporting under clause3(xvi)(c) of the Order is not applicable to the Company.
• Based on the information and explanations provided by the management of the Company, the
Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CICs, which are part of the Group. We have not, however, separately evaluated whether the information provided by the management is accurate and complete. Accordingly, the reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.

xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable.

xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the believe evidence supporting the assumptions, nothing has come to our attention, which causes us to that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

xx. As at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable.

xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

Auditor's qualification(s), reservation(s) or adverse remark(s) in auditors' report

Point 11(b) of Auditors’ Report - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the backup of books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year. Point 11(h)vi of Auditors’ Report- Based on our examination, the Company has used multiple accounting software for maintaining its books of account. However, in the absence of adequate evidence of necessary controls and documentation regarding whether audit trail feature is enabled for all relevant transactions, we are unable to comment on the audit trail feature of the aforesaid software. Accordingly, the question of our commenting on whether the audit trail had operated throughout the year or was tampered with, does not arise. Point vii (a) of Annexure B to Auditors’ Report - In our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of Income Tax and provident fund, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including employees’ state insurance, income tax, duty of customs, cess, goods and services tax and other material statutory dues, as applicable, with the appropriate authorities.

Nature and purpose of reserves

Capital reserve

Pursuant to the scheme of amalgamation between the Company and Portal Player (India) Private Limited, capital reserve of INR 139 million was recognised during the financial years 2006-07 and 2007-08 to represent the difference between value of net assets acquired and purchase consideration.

The reserve also includes cost of stock awards amounting to INR 987 million (2023: INR 986 million) which was outstanding as at April 01, 2016 and exercised subsequently by the employees for which there is no cross-charge from NVIDIA Corporation Inc.

The reserve is not available for dividend distribution.

Securities premium

Securities premium is used to record the premium on issue of shares. The securities premium is utilised in accordance with the provisions of the Act.

Share options outstanding account

This reserve relates to share based compensation received by the employees of the Company from NVIDIA Corporation Inc, the ultimate holding company. The reserve is used to recognise the fair value of the awards issued to the employees of the Company net of cross-charge from NVIDIA Corporation Inc (refer note 31).

Notes to the financial statements for the year ended 31 March 2024

[All amounts in INR million, unless otherwise stated]

General Information

NVIDIA Graphics Private Limited (‘the Company’) is an indirect subsidiary of NVIDIA Corporation Inc., USA (ultimate holding company). Starting with a focus on PC graphics, NVIDIA Corporation Inc., USA invented the GPU to solve some of the most complex problems in computer science. The group has extended its emphasis in recent years to the revolutionary field of artificial intelligence (AI).

The Company is a private limited company incorporated with Corporate Identity Number U32106KA2004PTC033880 and domiciled in India with its registered office at Bagmane Goldstone Building, North Tower, Adjacent to World Technology Centre, Mahadevapura, K.R. Puram Hobli, Marathahalli, Outer Ring Road, Bangalore 560048.

The Company provides software development, marketing support and global support services to its related parties located outside India.

The financial statements are approved for issue by the Company's Board of Directors on September 05, 2024.

1 Basis of preparation and purpose of financial statements:

Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

Historical cost convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities, defined benefit plans and share based payments that are measured at fair value.

All assets and liabilities have been classified as current or non-current as per the Company’s operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. The Company has ascertained its normal operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

New and amended standards adopted by the company

The Ministry of Corporate Affairs had vide notification dated March 31, 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 (the “Rules’) which amended certain accounting standards, and are effective 1st April 2023.
- Disclosure of accounting policies – amendments to Ind AS 1
- Definition of accounting estimates – amendments to Ind AS 8
- Deferred tax related to assets and liabilities arising from a single transaction – amendments to Ind AS 12.

The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

2 Summary of Accounting Policies

2.1 Summary of Material Accounting Policies

Foreign currencies

Functional and Presentation Currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (‘the functional currency’). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

Transaction and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in pro?t or loss. They are deferred in equity if they relate to qualifying cash ?ow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity's net investment in that foreign operation.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of pro?t and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/ (losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in pro?t or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classi?ed as FVOCI are recognised in other comprehensive income.

Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates and laws that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilise those temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.1 Summary of Material Accounting Policies (continued)

Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the period in which they are incurred.

Depreciation is provided on a pro-rata basis on the Straight Line Method (SLM) over the estimated useful life of the assets, which are in some cases lower than the useful life prescribed under Schedule II to the Companies Act, 2013, based on technical evaluation by the management's expert, in order to reflect the actual usage of the assets. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.

The estimated useful lives of the assets are as follows:

Nature of assets	Useful life
Buildings	30 years
Computer equipment	1 to 5 years
Laboratory equipment	1 to 5 years
Office equipment	1 to 5 years

Furniture and fixtures	5 years

Leasehold improvements are depreciated over the shorter of their useful life or lease term.

An item of Property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. The gain or loss arising on derecognition is recognised in the Statement of Profit and Loss.

Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Revenue recognition

Revenue from services is recognised based on the services rendered on a cost plus mark-up basis in accordance with the terms of agreement between the Company and its customers and billed at mutually agreed intervals.

Contract assets are the Company’s right to consideration in exchange for goods or services that the company has transferred to a customer when that right is conditioned on something other than the passage of time.

Unearned revenue is recognised when there is billings in excess of revenues and disclosed under "Contract Liability".

The Company disaggregates revenue from contracts with customers by geography and nature of services.

2.1 Summary of Material Accounting Policies (continued)

Leases

As a Lessee

Under Ind AS 116

i) Right-of-use assets

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
(i) the contract involves the use of an identified asset
(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
(iii) the Company has the right to direct the use of the asset.

Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non -lease component based on their relative standalone prices.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short?term leases, the Company recognizes the lease payments as an operating expense in the statement of profit and loss.

The ROU assets are initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and restoration costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the lease commencement date on a straight-line basis over the lease term.

Lease liabilities include the net present value of the following lease payments:
- Fixed payments (including in -substance fixed payments), less any lease incentives receivable
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date
- payments of penalties for terminating the lease, if the lease term reflects the company exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain asset of similar value to the right-to-use asset in a similar economic environment with similar terms, security and conditions. To determine the incremental borrowing rate, the Company uses a build-up approach that starts with a risk-free interest rate adjusted for general credit risk for leases held by the Company.

Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease payments are allocated between principal and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.1 Summary of Material Accounting Policies (continued)

Employee benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Other long-term employee benefit obligations

Liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet since the Company does not have an unconditional right to defer settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.

c) Post-employment obligations

The company operates the following post-employment schemes:

(a) defined benefit plans such as gratuity;

(b) defined contribution plans such as pension scheme and provident fund.

Gratuity obligations

The Company provides for gratuity, a defined benefit plan (the “Gratuity Plan”) covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee’s salary and the tenure of employment. The Company’s liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in Reserve and Surplus in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and loss as past service cost.

Pension Scheme

Certain employees of the company are participants in an optional defined contribution plan, namely National Pension Scheme. The Company has no further obligations to the plan beyond its monthly contributions which are periodically contributed to the pension fund managed by a professional fund management company registered with the authorities. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

2.1 Summary of Material Accounting Policies (continued)

Provisions and Contingent liabilities

Provisions for claims are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Share Based Payments

Stock-based compensation represents the cost related to group stock-based awards granted to employees of the Company. NVIDIA Corporation grants Restricted Stock Units (RSUs) and periodically grants Stock Options (SOs). NVIDIA Corporation also maintains a Employees Stock Purchase Plan (ESPP) for the employees.

The company measures stock-based compensation cost at the grant date, based on the estimated fair value of the award and recognizes the cost (net of estimated forfeitures) over the vesting period.

The fair value of RSUs is measured at market value of NVIDIA Corporation's equity share price adjusted for the exclusion of dividend equivalent and that of SOs using Binomial valuation model. Fair value of shares to be issued under ESPP is determined using the Black-Scholes model at commencement of each offering period.

The total expense in respect of the share based payment schemes is recognised over the vesting period with a corresponding credit to stock option outstanding account. The cross-charges from the group is offset against the stock option outstanding account. The estimate of number of awards expected to vest is revised at each year end based on service conditions and impact of revision as recognised in statement of profit and loss with corresponding adjustment to stock option outstanding account.

2.2 Summary of Other Accounting Policies

Government Grants

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the company will comply with all the conditions.

Government grants relating to income are recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and are netted-off from related expense.

The Company has elected to reduce the Government grants relating to the purchase of property, plant and equipment from the gross book value of such property, plant and equipment for arriving at the carrying value of the assets.

Impairment of Assets

At each Balance Sheet date the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If the carrying amount of the asset exceeds its recoverable amount an impairment loss is recognised in the Statement of Profit and Loss to the extent the carrying amount exceeds the recoverable amount.

2.2 Summary of Other Accounting Policies (continued)

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Non-derivative Financial Instruments

Initial recognition and measurement

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Impairment

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Investment in associates

Investment in associate companies are carried at cost.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.2 Summary of Other Accounting Policies (continued)

Offsetting financial instruments

Financial assets and liabilities are offset and the net amounts is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Other income

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income

Dividend income on investments is recognised and accounted for when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Assets transferred from customers

Assets transferred from customers are recognised as property, plant and equipment at fair value on the date of receipt with a corresponding deferred income disclosed as other liability. This deferred income is recognised on a straight line basis over the period of the useful life of the asset with a corresponding depreciation charge in the statement of profit and loss.

Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of Directors of the company have been identified as chief operating decision maker.

Trade and Other Payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid and are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Earnings per share

Earnings per equity share is calculated by dividing the net profit after taxation by the weighted average number of equity shares.

3 Significant estimates, judgements and assumptions

The application of accounting standards and policies requires the Company to make estimates and assumptions about future events that directly affect its reported financial condition and operating performance. The accounting estimates and assumptions discussed are those that the Company considers to be critical to its financial statements.

An accounting estimate is considered critical if both

(a) the nature of estimates or assumptions is material due to the level of subjectivity and judgement involved, and

(b) the impact within a reasonable range of outcomes of the estimates and assumptions is material to the Company's financial condition or operating performance.

The area involving critical estimates or judgments is:

Lease accounting (refer note 5)

Estimation of defined benefit obligation (refer note 18)

Share based payments (refer note 31)

Starting with a focus on PC graphics, NVIDIA Corporation Inc., USA invented the GPU to solve some of the most complex problems in computer science. The group has extended its emphasis in recent years to the revolutionary field of artificial intelligence (AI).

The Company is a private limited company incorporated with Corporate Identity Number U32106KA2004PTC033880 and domiciled in India with its registered office at Bagmane Goldstone Building, North Tower, Adjacent to World Technology Centre, Mahadevapura, K.R. Puram Hobli, Marathahalli, Outer Ring Road, Bangalore 560048.

The Company provides software development, marketing support and global support services to its related parties located outside India.

The financial statements are approved for issue by the Company's Board of Directors on September 05, 2024.

1 Basis of preparation and purpose of financial statements:

Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

Historical cost convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities, defined benefit plans and share based payments that are measured at fair value.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. The Company has ascertained its normal operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

New and amended standards adopted by the company

The Ministry of Corporate Affairs had vide notification dated March 31, 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 (the "Rules') which amended certain accounting standards, and are effective 1st April 2023.
- Disclosure of accounting policies – amendments to Ind AS 1
- Definition of accounting estimates – amendments to Ind AS 8
- Deferred tax related to assets and liabilities arising from a single transaction – amendments to Ind AS 12.

The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

2 Summary of Accounting Policies

2.1 Summary of Material Accounting Policies

Foreign currencies

Functional and Presentation Currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company’s functional and presentation currency.

Transaction and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in pro?t or loss. They are deferred in equity if they relate to qualifying cash ?ow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity’s net investment in that foreign operation.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of pro?t and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/ (losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in pro?t or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classi?ed as FVOCI are recognised in other comprehensive income.

Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates and laws that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilise those temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.1 Summary of Material Accounting Policies (continued)

Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the period in which they are incurred.

Depreciation is provided on a pro-rata basis on the Straight Line Method (SLM) over the estimated useful life of the assets, which are in some cases lower than the useful life prescribed under Schedule II to the Companies Act, 2013, based on technical evaluation by the management's expert, in order to reflect the actual usage of the assets. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.

The estimated useful lives of the assets are as follows:

Nature of assets	Useful life
Buildings	30 years
Computer equipment	1 to 5 years
Laboratory equipment	1 to 5 years
Office equipment	1 to 5 years

Furniture and fixtures	5 years

Leasehold improvements are depreciated over the shorter of their useful life or lease term.

An item of Property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. The gain or loss arising on derecognition is recognised in the Statement of Profit and Loss.

Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Revenue recognition

Revenue from services is recognised based on the services rendered on a cost plus mark-up basis in accordance with the terms of agreement between the Company and its customers and billed at mutually agreed intervals.

Contract assets are the Company’s right to consideration in exchange for goods or services that the company has transferred to a customer when that right is conditioned on something other than the passage of time.

Unearned revenue is recognised when there is billings in excess of revenues and disclosed under "Contract Liability".

The Company disaggregates revenue from contracts with customers by geography and nature of services.

2.1 Summary of Material Accounting Policies (continued)

Leases

As a Lessee

Under Ind AS 116

i) Right-of-use assets

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
(i) the contract involves the use of an identified asset
(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
(iii) the Company has the right to direct the use of the asset.

Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non -lease component based on their relative standalone prices.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short?term leases, the Company recognizes the lease payments as an operating expense in the statement of profit and loss.

The ROU assets are initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and restoration costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the lease commencement date on a straight-line basis over the lease term.

Lease liabilities include the net present value of the following lease payments:
- Fixed payments (including in -substance fixed payments), less any lease incentives receivable
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date
- payments of penalties for terminating the lease, if the lease term reflects the company exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain asset of similar value to the right-to-use asset in a similar economic environment with similar terms, security and conditions. To determine the incremental borrowing rate, the Company uses a build-up approach that starts with a risk-free interest rate adjusted for general credit risk for leases held by the Company.

Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease payments are allocated between principal and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.1 Summary of Material Accounting Policies (continued)

Employee benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Other long-term employee benefit obligations

Liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet since the Company does not have an unconditional right to defer settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.

c) Post-employment obligations

The company operates the following post-employment schemes:

(a) defined benefit plans such as gratuity;

(b) defined contribution plans such as pension scheme and provident fund.

Gratuity obligations

The Company provides for gratuity, a defined benefit plan (the “Gratuity Plan”) covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee’s salary and the tenure of employment. The Company’s liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in Reserve and Surplus in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and loss as past service cost.

Pension Scheme

Certain employees of the company are participants in an optional defined contribution plan, namely National Pension Scheme. The Company has no further obligations to the plan beyond its monthly contributions which are periodically contributed to the pension fund managed by a professional fund management company registered with the authorities. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

2.1 Summary of Material Accounting Policies (continued)

Provisions and Contingent liabilities

Provisions for claims are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Share Based Payments

Stock-based compensation represents the cost related to group stock-based awards granted to employees of the Company. NVIDIA Corporation grants Restricted Stock Units (RSUs) and periodically grants Stock Options (SOs). NVIDIA Corporation also maintains a Employees Stock Purchase Plan (ESPP) for the employees.

The company measures stock-based compensation cost at the grant date, based on the estimated fair value of the award and recognizes the cost (net of estimated forfeitures) over the vesting period.

The fair value of RSUs is measured at market value of NVIDIA Corporation's equity share price adjusted for the exclusion of dividend equivalent and that of SOs using Binomial valuation model. Fair value of shares to be issued under ESPP is determined using the Black-Scholes model at commencement of each offering period.

The total expense in respect of the share based payment schemes is recognised over the vesting period with a corresponding credit to stock option outstanding account. The cross-charges from the group is offset against the stock option outstanding account. The estimate of number of awards expected to vest is revised at each year end based on service conditions and impact of revision as recognised in statement of profit and loss with corresponding adjustment to stock option outstanding account.

2.2 Summary of Other Accounting Policies

Government Grants

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the company will comply with all the conditions.

Government grants relating to income are recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and are netted-off from related expense.

The Company has elected to reduce the Government grants relating to the purchase of property, plant and equipment from the gross book value of such property, plant and equipment for arriving at the carrying value of the assets.

Impairment of Assets

At each Balance Sheet date the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If the carrying amount of the asset exceeds its recoverable amount an impairment loss is recognised in the Statement of Profit and Loss to the extent the carrying amount exceeds the recoverable amount.

2.2 Summary of Other Accounting Policies (continued)

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Non-derivative Financial Instruments

Initial recognition and measurement

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Impairment

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Investment in associates

Investment in associate companies are carried at cost.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.2 Summary of Other Accounting Policies (continued)

Offsetting financial instruments

Financial assets and liabilities are offset and the net amounts is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Other income

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income

Dividend income on investments is recognised and accounted for when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Assets transferred from customers

Assets transferred from customers are recognised as property, plant and equipment at fair value on the date of receipt with a corresponding deferred income disclosed as other liability. This deferred income is recognised on a straight line basis over the period of the useful life of the asset with a corresponding depreciation charge in the statement of profit and loss.

Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of Directors of the company have been identified as chief operating decision maker.

Trade and Other Payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid and are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Earnings per share

Earnings per equity share is calculated by dividing the net profit after taxation by the weighted average number of equity shares.

3 Significant estimates, judgements and assumptions

The application of accounting standards and policies requires the Company to make estimates and assumptions about future events that directly affect its reported financial condition and operating performance. The accounting estimates and assumptions discussed are those that the Company considers to be critical to its financial statements.

An accounting estimate is considered critical if both

(a) the nature of estimates or assumptions is material due to the level of subjectivity and judgement involved, and

(b) the impact within a reasonable range of outcomes of the estimates and assumptions is material to the Company's financial condition or operating performance.

The area involving critical estimates or judgments is:

Lease accounting (refer note 5)

Estimation of defined benefit obligation (refer note 18)

Share based payments (refer note 31)

General Information

NVIDIA Graphics Private Limited ('the Company') is an indirect subsidiary of NVIDIA Corporation Inc., USA (ultimate holding company). Starting with a focus on PC graphics, NVIDIA Corporation Inc., USA invented the GPU to solve some of the most complex problems in computer science. The group has extended its emphasis in recent years to the revolutionary field of artificial intelligence (AI).

The Company is a private limited company incorporated with Corporate Identity Number U32106KA2004PTC033880 and domiciled in India with its registered office at Bagmane Goldstone Building, North Tower, Adjacent to World Technology Centre, Mahadevapura, K.R. Puram Hobli, Marathahalli, Outer Ring Road, Bangalore 560048.

The Company provides software development, marketing support and global support services to its related parties located outside India.

The financial statements are approved for issue by the Company's Board of Directors on September 05, 2024.

1 Basis of preparation and purpose of financial statements:

Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

Historical cost convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities, defined benefit plans and share based payments that are measured at fair value.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. The Company has ascertained its normal operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

New and amended standards adopted by the company

The Ministry of Corporate Affairs had vide notification dated March 31, 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 (the "Rules') which amended certain accounting standards, and are effective 1st April 2023.
- Disclosure of accounting policies – amendments to Ind AS 1
- Definition of accounting estimates – amendments to Ind AS 8
- Deferred tax related to assets and liabilities arising from a single transaction – amendments to Ind AS 12.

The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

2 Summary of Accounting Policies

2.1 Summary of Material Accounting Policies

Foreign currencies

Functional and Presentation Currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company’s functional and presentation currency.

Transaction and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in pro?t or loss. They are deferred in equity if they relate to qualifying cash ?ow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity’s net investment in that foreign operation.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of pro?t and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/ (losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in pro?t or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classi?ed as FVOCI are recognised in other comprehensive income.

Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates and laws that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilise those temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.1 Summary of Material Accounting Policies (continued)

Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the period in which they are incurred.

Depreciation is provided on a pro-rata basis on the Straight Line Method (SLM) over the estimated useful life of the assets, which are in some cases lower than the useful life prescribed under Schedule II to the Companies Act, 2013, based on technical evaluation by the management's expert, in order to reflect the actual usage of the assets. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.

The estimated useful lives of the assets are as follows:

Nature of assets	Useful life
Buildings	30 years
Computer equipment	1 to 5 years
Laboratory equipment	1 to 5 years
Office equipment	1 to 5 years

Furniture and fixtures	5 years

Leasehold improvements are depreciated over the shorter of their useful life or lease term.

An item of Property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. The gain or loss arising on derecognition is recognised in the Statement of Profit and Loss.

Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Revenue recognition

Revenue from services is recognised based on the services rendered on a cost plus mark-up basis in accordance with the terms of agreement between the Company and its customers and billed at mutually agreed intervals.

Contract assets are the Company’s right to consideration in exchange for goods or services that the company has transferred to a customer when that right is conditioned on something other than the passage of time.

Unearned revenue is recognised when there is billings in excess of revenues and disclosed under "Contract Liability".

The Company disaggregates revenue from contracts with customers by geography and nature of services.

2.1 Summary of Material Accounting Policies (continued)

Leases

As a Lessee

Under Ind AS 116

i) Right-of-use assets

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
(i) the contract involves the use of an identified asset
(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
(iii) the Company has the right to direct the use of the asset.

Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non -lease component based on their relative standalone prices.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short?term leases, the Company recognizes the lease payments as an operating expense in the statement of profit and loss.

The ROU assets are initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and restoration costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the lease commencement date on a straight-line basis over the lease term.

Lease liabilities include the net present value of the following lease payments:
- Fixed payments (including in -substance fixed payments), less any lease incentives receivable
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date
- payments of penalties for terminating the lease, if the lease term reflects the company exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain asset of similar value to the right-to-use asset in a similar economic environment with similar terms, security and conditions. To determine the incremental borrowing rate, the Company uses a build-up approach that starts with a risk-free interest rate adjusted for general credit risk for leases held by the Company.

Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease payments are allocated between principal and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.1 Summary of Material Accounting Policies (continued)

Employee benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Other long-term employee benefit obligations

Liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet since the Company does not have an unconditional right to defer settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.

c) Post-employment obligations

The company operates the following post-employment schemes:

(a) defined benefit plans such as gratuity;

(b) defined contribution plans such as pension scheme and provident fund.

Gratuity obligations

The Company provides for gratuity, a defined benefit plan (the “Gratuity Plan”) covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee’s salary and the tenure of employment. The Company’s liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in Reserve and Surplus in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and loss as past service cost.

Pension Scheme

Certain employees of the company are participants in an optional defined contribution plan, namely National Pension Scheme. The Company has no further obligations to the plan beyond its monthly contributions which are periodically contributed to the pension fund managed by a professional fund management company registered with the authorities. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

2.1 Summary of Material Accounting Policies (continued)

Provisions and Contingent liabilities

Provisions for claims are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Share Based Payments

Stock-based compensation represents the cost related to group stock-based awards granted to employees of the Company. NVIDIA Corporation grants Restricted Stock Units (RSUs) and periodically grants Stock Options (SOs). NVIDIA Corporation also maintains a Employees Stock Purchase Plan (ESPP) for the employees.

The company measures stock-based compensation cost at the grant date, based on the estimated fair value of the award and recognizes the cost (net of estimated forfeitures) over the vesting period.

The fair value of RSUs is measured at market value of NVIDIA Corporation's equity share price adjusted for the exclusion of dividend equivalent and that of SOs using Binomial valuation model. Fair value of shares to be issued under ESPP is determined using the Black-Scholes model at commencement of each offering period.

The total expense in respect of the share based payment schemes is recognised over the vesting period with a corresponding credit to stock option outstanding account. The cross-charges from the group is offset against the stock option outstanding account. The estimate of number of awards expected to vest is revised at each year end based on service conditions and impact of revision as recognised in statement of profit and loss with corresponding adjustment to stock option outstanding account.

2.2 Summary of Other Accounting Policies

Government Grants

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the company will comply with all the conditions.

Government grants relating to income are recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and are netted-off from related expense.

The Company has elected to reduce the Government grants relating to the purchase of property, plant and equipment from the gross book value of such property, plant and equipment for arriving at the carrying value of the assets.

Impairment of Assets

At each Balance Sheet date the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If the carrying amount of the asset exceeds its recoverable amount an impairment loss is recognised in the Statement of Profit and Loss to the extent the carrying amount exceeds the recoverable amount.

2.2 Summary of Other Accounting Policies (continued)

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Non-derivative Financial Instruments

Initial recognition and measurement

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Impairment

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Investment in associates

Investment in associate companies are carried at cost.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.2 Summary of Other Accounting Policies (continued)

Offsetting financial instruments

Financial assets and liabilities are offset and the net amounts is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Other income

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income

Dividend income on investments is recognised and accounted for when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Assets transferred from customers

Assets transferred from customers are recognised as property, plant and equipment at fair value on the date of receipt with a corresponding deferred income disclosed as other liability. This deferred income is recognised on a straight line basis over the period of the useful life of the asset with a corresponding depreciation charge in the statement of profit and loss.

Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of Directors of the company have been identified as chief operating decision maker.

Trade and Other Payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid and are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Earnings per share

Earnings per equity share is calculated by dividing the net profit after taxation by the weighted average number of equity shares.

3 Significant estimates, judgements and assumptions

The application of accounting standards and policies requires the Company to make estimates and assumptions about future events that directly affect its reported financial condition and operating performance. The accounting estimates and assumptions discussed are those that the Company considers to be critical to its financial statements.

An accounting estimate is considered critical if both

(a) the nature of estimates or assumptions is material due to the level of subjectivity and judgement involved, and

(b) the impact within a reasonable range of outcomes of the estimates and assumptions is material to the Company's financial condition or operating performance.

The area involving critical estimates or judgments is:

Lease accounting (refer note 5)

Estimation of defined benefit obligation (refer note 18)

Share based payments (refer note 31)

Textual information (54)

Disclosure of changes in accounting estimates [Text Block]

Significant estimates, judgements and assumptions

The application of accounting standards and policies requires the Company to make estimates and assumptions about future events that directly affect its reported financial condition and operating performance. The accounting estimates and assumptions discussed are those that the Company considers to be critical to its financial statements.

An accounting estimate is considered critical if both

(a) the nature of estimates or assumptions is material due to the level of subjectivity and judgement involved, and

(b) the impact within a reasonable range of outcomes of the estimates and assumptions is material to the Company's financial condition or operating performance.

The area involving critical estimates or judgments is:

Lease accounting (refer note 5)

Estimation of defined benefit obligation (refer note 18)

Share based payments (refer note 31)

Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the period in which they are incurred.

Depreciation is provided on a pro-rata basis on the Straight Line Method (SLM) over the estimated useful life of the assets, which are in some cases lower than the useful life prescribed under Schedule II to the Companies Act, 2013, based on technical evaluation by the management's expert, in order to reflect the actual usage of the assets. The useful life, residual value and the depreciation method are reviewed at least at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.

The estimated useful lives of the assets are as follows:

Nature of assets	Useful life
Buildings	30 years
Computer equipment	1 to 5 years
Laboratory equipment	1 to 5 years
Office equipment	1 to 5 years
Furniture and fixtures	5 years

Leasehold improvements are depreciated over the shorter of their useful life or lease term.

An item of Property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. The gain or loss arising on derecognition is recognised in the Statement of Profit and Loss.

[All amounts in INR million, unless otherwise stated]

4 Property, plant and equipment (continued)

Note 1:

Additions includes capitalisation of assets amounting to INR 185 million (2023: INR 295 million) received free of charge during the year from overseas group entities and their customers for testing purposes.

Note 2: Depreciation includes depreciation on assets received free of charge including incidental costs amounting to INR 202 million (2023: INR 152 million) and a corresponding income has been recognised under other income (refer note 22).

Note 3: The Company is registered with Software Technology Parks of India (STPI) having its STP units in Bangalore, Pune, Hyderabad and Gurugram which permits to import without payment of Customs Duty. During the year, the Company has imported capital goods and has availed related Customs Duty exemption of INR 135 million (2023: INR 173 million). As per the government grant policy, the same has been netted off with Property, plant and equipment.

Note 4: The ageing of Capital work-in-progress is as below:

	Amounts in capital work-in-progress for					
Less than one year		1- 2 years		Total		
	March 31, 2024	March 31, 2023	March 31, 2024	March 31, 2023	March 31, 2024	March 31, 2023
Projects in progress - Renovation / expansion of current office space	25	260	79	-	104	260

Note 5: During the year, based on advances in technology and usage rate, the Company has updated the estimated useful life of a majority of the server, storage, and network equipment from three years to a range of four to five years. The change has resulted in the depreciation saving of INR 197 million for the current year compared to the depreciation expense which company would have recognized as per the earlier useful life.

[612100] Notes - Impairment of assets

Textual information (56)

Disclosure of impairment of assets [Text Block]

Impairment of Assets

At each Balance Sheet date the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If the carrying amount of the asset exceeds its recoverable amount an impairment loss is recognised in the Statement of Profit and Loss to the extent the carrying amount exceeds the recoverable amount.

Disclosure of financial instruments [Text Block]

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Non-derivative Financial Instruments

Initial recognition and measurement

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Impairment

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Investment in associates

Investment in associate companies are carried at cost.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

Summary of Other Accounting Policies (continued)

Offsetting financial instruments

Financial assets and liabilities are offset and the net amounts is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

34 Financial risk management

34.1 Market Risk

Foreign exchange risk

The Company operates internationally and is exposed to foreign exchange risk arising from various currency transactions, primarily with respect to the US Dollar (USD). Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR).

The recoverability or settlement of assets and liabilities exposed to foreign currency fluctuation is generally within 6 months. Hence, the exposure is minimal. The Company has not undertaken any hedging instruments to hedge its foreign currency exposure.

The Company has payables and receivables in USD at the end of the reporting period expressed in INR are as follows:

	March 31, 2024	March 31, 2023
Financial assets		
Trade receivables	-	701
Bank balances	6,011	6,088
	6,011	6,789
Financial liabilities		
Trade payables	(97)	(13)
Other liabilities	(2,678)	(2,873)
	(2,775)	(2,886)
Net exposure to foreign currency risk	3,236	3,903
Sensitivity:		
Impact on profit before tax for changes of 5% against INR:		
- strengthened	162	195
- weakened	(162)	(195)

34.2 Credit risk

Credit risk arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits for leased premises as well as credit exposures to customers and other receivables. The Company applies prudent credit acceptance policies, as well as manages the collection of receivables in order to minimise the credit risk exposure. The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented in the notes to the financial statements. The company's major classes of financial assets are cash and cash equivalents, security deposits of leased premises and trade receivables from related parties.

For banks, company has relationship with only Indian scheduled banks.

Security deposits are deposits towards leased premises which are taken on rent from reputed builders and are contractually agreed.

Trade receivables are short-term receivables from related parties which arise in the normal course of business.

No expected credit loss provision has been created for trade receivables, loans and security deposits on leased premises, since the company considers the life time credit risk of these financial assets to be very low.

34 Financial risk management (continued)

34.3 Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due. Liquidity risk arises in situations where the Company has difficulties in obtaining funding. The Company manages its liquidity risk by continuously monitoring actual cash flows available and the due date of financial assets and liabilities. As at March 31, 2024 and March 31, 2023, the Company's net current assets is INR 3,564 million and INR 10,681 million respectively.

Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant, except for lease liability which is carried at fair value.

Contractual maturities of financial liabilities

Particulars	Less than 6 months	6 months to 1 year	Above 1 year	Total
As at March 31, 2024				
Trade payables	1,262	-	-	1,262

Other liabilities	320	-	7	327

Total non derivative liabilities	4,829	341	2,734	7,904
Particulars	Less than 6 months	6 months to 1 year	Above 1 year	Total
As at March 31, 2023				
Trade payables	707	-	-	707
Payable for capital purchases	183	-	-	183
Payable to related parties	1,943	-	-	1,943
Lease liabilities	519	472	3,462	4,453
Other liabilities	187	-	7	194
Total non derivative liabilities	3,539	472	3,469	7,480

35 Capital management

Risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure. The Company periodically reviews and manages its capital structure to ensure optimal capital structure and shareholder returns taking into consideration the future capital requirements and capital efficiency of the Company, prevailing and projected profitability projected operating cash flows, and projected capital expenditures. In order to maintain the capital structure, the Company uses internal funding to cater to its future cash requirements.

Disclosure of income tax [Text Block]

Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates and laws that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilise those temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

10 Deferred tax assets (net)

	Property, plant and equipment	Post employment benefits	Other items	Total
As at April 1, 2022	332	377	338	1,047
Credit to profit or loss for the year	44	111	(5)	150
(Charge) / Credit to other comprehensive income	-	16	-	16
As at March 31, 2023	376	504	333	1,213
Credit to profit or loss for the year	24	209	67	300
Reclass	-	95	(95)	-
(Charge) / Credit to other comprehensive income	-	(12)	-	(12)
As at March 31, 2024	400	796	305	1,501

The tax impact has been arrived at by applying the tax rate of 25.168% (2023: 25.168%) being the prevailing tax rate for the Company under the Income Tax Act, 1961.

[All amounts in INR million, unless otherwise stated]

			Year ended March 31,	
27	Income tax expense		2024	2023
	(a) Income tax expense			
		Current tax		
		Current tax on profit for the year	1,666	1,384
		Adjustment for current tax on profit of prior years	(20)	14
		Total Current tax expense	1,646	1,398
		Deferred tax		
		Deferred tax credited to statement of profit and loss	(300)	(150)
		Total deferred tax credit	(300)	(150)
		Total Income tax expense	1,346	1,248

Pursuant to the notification of the Taxation Laws (Amendment) Act, 2019, the

Company has decided to opt to pay income tax as per Section 115BAA at the lower tax rate of 25.168% (including surcharge and cess).

(b) Significant estimates - uncertain tax position and tax related contingency

There are no uncertain tax positions requiring provisions in books and tax related contingencies are as disclosed in Note 29.

(c) Reconciliation of tax expense and the accounting profit multiplied by tax rate

	Year ended March 31,	
	2024	2023
Profit before tax	5,340	4,813
Tax at 25.168 % (2023: 25.168%)	1,344	1,211
Effects of:

Textual information (61)

Disclosure of accounting for government grants and disclosure of government assistance [Text Block]

Government Grants

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the company will comply with all the conditions.

Government grants relating to income are recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and are netted-off from related expense.

The Company has elected to reduce the Government grants relating to the purchase of property, plant and equipment from the gross book value of such property, plant and equipment for arriving at the carrying value of the assets.

The Company doesn't have any significant increase in credit risk and credit impaired balances relating to loans.		

Textual information (63)

Disclosure of notes on cash and bank balances explanatory [Text Block]

Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Textual information (64)

Disclosure of notes on other current financial liabilities explanatory [Text Block]

Trade and Other Payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid and are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Textual information (65)

	March 31, 2024	March 31, 2023
20.1 Dues to micro and small enterprises		
The Company has certain dues to suppliers registered under Micro, Small and Medium Enterprises Development Act, 2006 (‘MSMED Act’). The disclosures pursuant to the said MSMED Act are as follows:		
a) i) The principal amount due to suppliers registered under the MSMED Act and remaining unpaid as at year end.	107	289
ii) Interest due thereon remaining unpaid on year end.	0	0
b) The amount of interest paid by the buyer under the terms of Section 16 of the MSMED Act, 2006 along with the amount of the payment made to the supplier beyond the appointed day during each accounting year.		
i) Delayed payments of principal amount paid beyond the appointed date during the entire accounting year.	8	38
ii) Interest actually paid under Section 16 of the Act, during the entire accounting year.	-	-
c) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006.	0	1
d) The amount of interest accrued and remaining unpaid as at year end		
i) Total interest accrued during the year	0	0
ii) Total interest remaining unpaid, out of the above as at year end	0	0
e) The amount of further interest due and payable even in the succeeding years until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of	2	2

disallowance as a deductible expenditure under section 23 of the MSMED Act, 2006.

The above information has been determined to the extent such parties have been identified on the basis of information available with the Company.

37 Ratios

The ratios for the years ended March 31, 2024 and March 31, 2023 are as follows:

Particulars	Numerator	Denominator	March 31, 2024	March 31, 2023	Variance	Reasons for variance in excess of 25%
Performance Ratios						
Return on equity ratio	Net Profits after taxes	Average Shareholder's Equity	31.6%	25.3%	25%	
Net profit ratio	Net Profits after taxes	Revenue	8.6%	9.3%	-7%	
Return on capital employed	Earning before interest and taxes	Capital Employed (4)	52.0%	28.4%	83%	Increase attributable to higher profits and decrease in equity due to payment of dividend
Return on investment	Earning before interest and taxes	Average total assets	23.5%	20.7%	14%	
Liquidity Ratio						
Current ratio	Current assets	Current liabilities	1.5	2.6	-43%	Decrease primarily due to utilization of cash for dividend payment
Leverage Ratios						
Debt-equity ratio	Total Debt (1)	Shareholder's Equity	0.3	0.2	35%	Increase due to reduction of equity primarily attributable to payment of dividend
Debt service coverage ratio	Earnings available for debt service (2)	Debt Service (3)	6.3	5.5	13%	
Activity Ratios						
Trade receivables turnover ratio	Revenue	Average Trade Receivable	132.0	89.0	48%	Increase due to increase in revenue and decrease in trade receivable
Trade payables turnover ratio	Purchases of services and other expenses	Average Trade Payables	39.8	40.2	-1%	
Net capital turnover ratio	Revenue	Working Capital	13.0	3.6	261%	Variance primarily due to increase in revenue and lower working capital attributable to payment of dividend

(1) Debt represents only lease liabilities

Revenue recognition

Revenue from services is recognised based on the services rendered on a cost plus mark-up basis in accordance with the terms of agreement between the Company and its customers and billed at mutually agreed intervals.

Contract assets are the Company’s right to consideration in exchange for goods or services that the company has transferred to a customer when that right is conditioned on something other than the passage of time.

Unearned revenue is recognised when there is billings in excess of revenues and disclosed under "Contract Liability".

The Company disaggregates revenue from contracts with customers by geography and nature of services.

Other income

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income

Dividend income on investments is recognised and accounted for when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

[All amounts in INR million, unless otherwise stated]

21	Revenue from operations	Year ended March 31,	
		2024	2023
	Revenue from contract with customers		
	Sale of services		
	Software development service fee	42,699	35,431
	Global support service fee	1,278	1,236
	Marketing support service fee	2,287	1,793
	Total	46,264	38,460
	Note: Software development service fee excludes unearned revenue of INR 59 million (2023: INR Nil) and includes unbilled revenue of INR Nil (2023: INR 701 million).		
	The disclosures under Ind-AS 115 are as follows: a)The Company disaggregates revenue from contracts with customers by geography and nature of services, refer note 33 (Segment reporting) for presentation of revenue by geographical location.

Disclosure of employee benefits [Text Block]

Employee benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Other long-term employee benefit obligations

Liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet since the Company does not have an unconditional right to defer settlement for at least 12 months after the reporting period, regardless of when the actual settlement is expected to occur.

c) Post-employment obligations

The company operates the following post-employment schemes:

(a) defined benefit plans such as gratuity;

(b) defined contribution plans such as pension scheme and provident fund.

Gratuity obligations

The Company provides for gratuity, a defined benefit plan (the “Gratuity Plan”) covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee’s salary and the tenure of employment. The Company’s liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in Reserve and Surplus in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and loss as past service cost.

Pension Scheme

Certain employees of the company are participants in an optional defined contribution plan, namely National Pension Scheme. The Company has no further obligations to the plan beyond its monthly contributions which are periodically contributed to the pension fund managed by a professional fund management company registered with the authorities. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Provident Fund

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

[All amounts in INR million, unless otherwise stated]			
		As at	
18	Employee benefit obligations	March 31, 2024	March 31, 2023
	Non-current		
	Gratuity	1,692	1,472
	Benevolent Fund	264	-
	Total	1,956	1,472
	Current		

Gratuity	132	151
Compensated absences	1,000	659
Benevolent Fund	72	98
Total	1,204	908

Gratuity

The Company provides for gratuity, a defined benefit plan (the Gratuity Plan), to its employees. The Gratuity Plan provides for lump sum payment to vested employees at retirement or termination of employment, an amount based on the respective employee’s last drawn salary and years of employment with the Company. The Gratuity plan is unfunded.

The amount of net liability to be recorded are as follows:	As at	
	March 31, 2024	March 31, 2023
Present value of defined benefit obligation	1,824	1,623
Fair value of plan assets	-	-
Net defined benefit liability recognised in Balance Sheet	1,824	1,623
Net defined benefit liability is bifurcated as follows:		
Current	132	151
Non-current	1,692	1,472

Amount recognised in the balance sheet and the movement in net defined benefit obligation are as follows:

	As at	
	March 31, 2024	March 31, 2023
Opening balance	1,623	1,363
Current service cost	185	164
Interest on defined benefit obligation	115	95
Total amount recognised in statement of profit and loss	300	259
Remeasurements due to:		
Actuarial (gain)/loss arising from change in financial assumptions	(79)	25
Actuarial loss arising on account of experience changes	30	39
Total amount recognised in other comprehensive income	(49)	64
Benefits paid	(50)	(63)
Closing balance	1,824	1,623

Key actuarial assumptions: The key actuarial assumptions adopted for the purposes of this valuation are given below:

	As at	
	March 31, 2024	March 31, 2023
Discount rate (p.a.)	7.00%	7.20%
Salary escalation rate (p.a.)	9.00%	9.00%
Withdrawal rate	6.00%	8.00%
Mortality rate	Indian Assured Lives Mortality (2006-08)	

The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

18 Employee benefit obligations (continued)

Sensitivity analysis

Gratuity is a lump sum plan and the key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate, future salary escalation rate and withdrawal rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the year arising on account of an increase or decrease in the reported assumption by 50 basis points.

	March 31, 2024			March 31, 2023		
	Discount Rate	Salary Escalation Rate	Withdrawal Rate	Discount Rate	Salary Escalation Rate	Withdrawal Rate
Impact of increase in 50 bps	(84)	28	31	(63)	26	19
Impact of decrease in 50 bps	91	(29)	(34)	68	(26)	(20)

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

Associated risks

The weighted average duration of the obligation is 10 years (2023: 11 years). The expected maturity analysis of undiscounted gratuity is as follows:

	March 31, 2024	March 31, 2023
Less than 1 year	137	157
Between 1 - 2 years	141	171
Between 2 - 5 years	454	627
Over 5 years	739	1,217
Total	1,471	2,172

Compensated absences

Compensated absences cover the Company's liability for leave encashment. The entire provision is presented as current, since the company does not have an unconditional right to defer settlement of these obligation. However, based on past experience, the Company does not expect all employees to avail the full amount of accrued leave or require payment of such leave within the next 12 months.

	March 31, 2024	March 31, 2023
Short-term compensated absences	1,000	659
The above includes:		
Compensated absences not expected to be settled within the next 12 months	951	600

Benevolent Fund

The Company manages a fund called “Nvidia India - Benevolent Fund” (hereinafter referred to as “Fund”) with the objective to relieve financial distress of family of member in the cases/circumstances of death of member; and in such other cases as may be deemed fit and deserving in the view of the Managing Committee of the Fund. This fund shall be sourced through contribution by the Company. All the regular employees on the payroll of the Company will be member of the fund.

The following benefits shall be provided to the employees/nominee/claimants, namely:

(i) In case of death - 3 times of Annual Total Cash Compensation or INR 3M, whichever is higher.

(ii) In case of the employee being diagnosed with the Critical Illness - INR 1.5M or 3 times of Annual Total Cash Compensation whichever is lower.

(iii) In case of the employee being diagnosed with the terminal illness - 3 times of Annual Total Cash Compensation or INR 3M, whichever is higher.

Disclosure of leases [Text Block]

Leases

As a Lessee

Under Ind AS 116

i) Right-of-use assets

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
(i) the contract involves the use of an identified asset
(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
(iii) the Company has the right to direct the use of the asset.

Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non -lease component based on their relative standalone prices.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short?term leases, the Company recognizes the lease payments as an operating expense in the statement of profit and loss.

The ROU assets are initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and restoration costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the lease commencement date on a straight-line basis over the lease term.

Lease liabilities include the net present value of the following lease payments:
- Fixed payments (including in -substance fixed payments), less any lease incentives receivable
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date
- payments of penalties for terminating the lease, if the lease term reflects the company exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain asset of similar value to the right-to-use asset in a similar economic environment with similar terms, security and conditions. To determine the incremental borrowing rate, the Company uses a build-up approach that starts with a risk-free interest rate adjusted for general credit risk for leases held by the Company.

Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease payments are allocated between principal and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

5. Leases

The Company has entered into lease arrangements towards office and data center premises. Such leases are generally for a period of 12 to 120 months and renewable for further periods based on contractual terms. The lease for office premises provides for a percentage increase in rent at the end of specified period as per the contractual terms. The leases are cancellable with a specified notice period after the initial lock-in period of 12 to 60 months as per the terms of the respective agreements.

5.1	Right-of-use assets	March 31, 2024	March 31, 2023
	Buildings		
	Gross carrying value		
	Opening Balance	5,169	5,760
	Additions (non-cash) during the year	40	-
	Modifications/retirement during the year	(102)	(591)
	Closing Balance	5,107	5,169

Accumulated Depreciation		
Opening Balance	2,430	2,116
Depreciation charge for the year	676	778
Modifications/retirement during the year	(91)	(464)
Closing Balance	3,015	2,430
Net carrying value	2,092	2,739

5.2 Lease liability	March 31, 2024	March 31, 2023
Following is the movement in lease liabilities		
Opening balance	3,547	4,437
Additions	38	-
Accretion of interest	274	340
Payments	(983)	(1,084)
Adjustments on modification	(14)	(146)
Closing balance	2,862	3,547

Above section sets out payment of liabilities for which cash flows have been classified as Financing Activities in the Statement of cash flows.

Lease liability	March 31, 2024	March 31, 2023
Current	553	718
Non current	2,309	2,829
Total	2,862	3,547

5.3 The total cash outflow for leases for the year ended March 31, 2024 was INR 983 million (2023: INR 1,084 million).

5.4 For the year ended March 31, 2024, the Company has recorded INR 0 (2023: INR 1 million) as Lease rental in relation to the short-term leases. (refer note 25)

5.5 Critical judgements in determining the lease term

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

Extension options in certain office lease have not been included in the lease liability, because the Company could replace the assets without significant cost or business disruption.

As at March 31, 2024, potential future cashflows of INR 4,212 million (2023: INR 4,452 million) (undiscounted) have not been included in the lease liability and Right-of-use assets because it is not reasonably certain that the leases will be extended (or not terminated).

The lease term is reassessed if an option is actually exercised (or not exercised) or the Company becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee.

Textual information (70)

Disclosure of effect of changes in foreign exchange rates [Text Block]

Foreign currencies

Functional and Presentation Currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (‘the functional currency’). The financial statements are presented in Indian rupee (INR), which is Company’s functional and presentation currency.

Transaction and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in pro?t or loss. They are deferred in equity if they relate to qualifying cash ?ow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation. A monetary item for which settlement is neither planned nor likely to occur in the foreseeable future is considered as a part of the entity’s net investment in that foreign operation.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of pro?t and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/ (losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in pro?t or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classi?ed as FVOCI are recognised in other comprehensive income.

Textual information (71)

Additional information on profit and loss account explanatory [Text Block]

[All amounts in INR million, unless otherwise stated]

38 Additional regulatory Information required by Schedule III

(i) Details of benami property held: No proceedings have been initiated on or are pending against the Company under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder.

(ii) Compliance with number of layers of companies: The Company has complied with the number of layers prescribed under Section 2(87) of the Companies Act, 2013 read with Companies (Restriction of number of layers) Rules, 2017.

(iii) Relationship with struck off companies: The Company has no transactions with the companies struck off under Companies Act, 2013 or Companies Act, 1956.

(iv) Borrowing secured against current assets: The Company did not have any loans or other borrowings availed from banker or financial institutions during the current or previous year.

(v) Wilful Defaulter: The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(vi) Compliance with approved scheme(s) of arrangements: The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

(vii) Utilisation of borrowed funds and share premium: The Company has neither advanced or loaned or invested funds to nor has it received any funds from any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company / funding party (Ultimate Beneficiaries) or
b. provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

(viii) Undisclosed Income: There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

(ix) Details of crypto currency or virtual currency: The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.

(x) Valuation of Property Plant and Equipment (including Right-Of-Use Assets) and Intangible Assets: The Company has not revalued its Property, Plant and Equipment (including Right-of-use assets) and Intangible assets during the current or previous year. The Company did not have any Investment Property during the current or previous year.

(xi) Registration of charges or satisfaction with Registrar of Companies: There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period.

(xii) Title deeds of immovable properties not held in the name of the Company: The Company owns immovable properties as disclosed in Note 4 on Property, plant and equipment to the financial statements. The title deeds of the same are held in the name of the Company.

39 During the year ended March 31, 2024, the Company has reclassified the comparatives disclosed for Statutory dues from other current financial liabilities to other current liabilities to conform to the current year's classification. These reclassifications do not have an impact on the financial statements.

40 Rounding off amounts

All amounts disclosed in the financial statements and notes thereto have been rounded off to the nearest millions as per the requirement of Schedule III, unless otherwise stated. Any amount less than the rounding threshold are denoted as "0".

41 The previous year figures have been reclassified to conform to current year's classification.

[611200] Notes - Fair value measurement

Unless otherwise specified, all monetary values are in Millions of INR

Disclosure of fair value measurement of equity [TextBlock]		
Whether equity have been measured at fair value	No	No

Textual information (72)

Disclosure of fair value measurement [Text Block]

[All amounts in INR million, unless otherwise stated]

36 Fair value measurement

36.1 Financial instruments by category

	March 31, 2024	March 31, 2023
	At amortised cost	
Financial Assets		
Investments	-	0
Loans	907	149
Security deposits	385	461
Trade receivables	-	701
Cash and cash equivalents	8,363	8,831
Bank balances other than cash and cash equivalents	-	6,100
Other financial assets	34	187
Total financial assets	9,689	16,429
Financial liabilities		
Trade payables	1,262	707
Lease liabilities	2,862	3,547
Other financial liabilities	3,142	2,320
Total financial liabilities	7,266	6,574

36.2 Fair Value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the 3 levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no financial instruments measured at Level 1 and 2 fair value as at reporting date. There are no transfers between Level 1, Level 2 and Level 3 during the year.

36.3 Valuation process

The finance department of the Company performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. The significant level 3 inputs for determining the fair values of security deposits are discount rates using a risk free rate to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.

36.4 Fair value of financial assets and liabilities measured at amortised cost

The fair values for security deposits and lease liabilities were calculated based on discounted cash flows using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk. The carrying amounts of security deposits are considered to be the same as their fair values since there has been no significant change in the interest rates.

For other financial asset and liabilities that are measured at fair value, the carrying amounts are equal to the fair value

[613300] Notes - Operating segments

Unless otherwise specified, all monetary values are in Millions of INR

	01/04/2023 to 31/03/2024	01/04/2022 to 31/03/2023
Disclosure of entity's operating segments [TextBlock]	Textual information (73) [See below]	
Disclosure of reportable segments [TextBlock]		
Whether there are any reportable segments	No	No
Disclosure of major customers [TextBlock]		
Whether there are any major customers	No	No

Textual information (73)

Disclosure of entity's operating segments [Text Block]

Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of Directors of the company have been identified as chief operating decision maker.

[All amounts in INR million, unless otherwise stated]

33 Segmental Reporting :

33.1 Description of segments and principal activities

The Company operates in the line of business of software development services, global support services and sales and marketing support services. As the basic nature of these activities is largely governed by same set of risk and returns, these have been grouped as a single segment by Chief Operation Decision Maker (CODM) comprising of Board of Directors of the Company who assess the financial performance and position of the Company and make necessary decisions

33.2 Geographical Information

Based on the geographical location, break up of revenue is shown in below table:

	Year ended March 31,	
Revenue	2024	2023
Revenue from services		
Outside India:		
United States of America	46,264	38,460
Total	46,264	38,460

The Company disaggregates revenue from contracts with customers by geography and nature of services. Refer note 21 (Revenue from operations) for presentation of revenue by nature of services.

All non-current assets are located in India.

33.3 Information about major customers

The revenue for the Company is derived on cost plus basis as per agreements executed with the related parties (refer note 32).

[610700] Notes - Business combinations

Unless otherwise specified, all monetary values are in Millions of INR

	01/04/2023 to 31/03/2024	01/04/2022 to 31/03/2023
Disclosure of business combinations [TextBlock]

Provisions and Contingent liabilities

Provisions for claims are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest .

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

29	Contingent Liabilities and contingent assets	As at	
		March 31, 2024	March 31, 2023
	Contingent liabilities		
	Claims against the Company not acknowledged as debt		
	Income tax matters	4,686	1,648
	Bank guarantee	-	3
	Total	4,686	1,651

a) It is not practical for the Company to estimate the timings of cash outflows, if any, in respect of the above pending resolution of the respective proceedings. Income tax matters are related to tax demands raised by the Income tax authorities mainly related to transfer pricing adjustments, disallowances related to certain expenses, additions towards assets received free of cost/ loan basis from group entities. The matters are currently under appeal with various appellate forums pending adjudication. The Company believes that its position on the aforesaid demands will likely be upheld in the appellate process and accordingly no provision has been made in the financial statements for such demands.

b) The Company does not expect any reimbursements in respect of the above contingent liabilities.

c) The above excludes amount paid under protest for income tax matters.

30 Capital commitments	As at

Disclosure of share-based payment arrangements [Text Block]

Share Based Payments

Stock-based compensation represents the cost related to group stock-based awards granted to employees of the Company. NVIDIA Corporation grants Restricted Stock Units (RSUs) and periodically grants Stock Options (SOs). NVIDIA Corporation also maintains a Employees Stock Purchase Plan (ESPP) for the employees.

The company measures stock-based compensation cost at the grant date, based on the estimated fair value of the award and recognizes the cost (net of estimated forfeitures) over the vesting period.

The fair value of RSUs is measured at market value of NVIDIA Corporation's equity share price adjusted for the exclusion of dividend equivalent and that of SOs using Binomial valuation model. Fair value of shares to be issued under ESPP is determined using the Black-Scholes model at commencement of each offering period.

The total expense in respect of the share based payment schemes is recognised over the vesting period with a corresponding credit to stock option outstanding account. The cross-charges from the group is offset against the stock option outstanding account. The estimate of number of awards expected to vest is revised at each year end based on service conditions and impact of revision as recognised in statement of profit and loss with corresponding adjustment to stock option outstanding account.

[All amounts in INR million, unless otherwise stated]

31 Share Based Payments

The employees/directors of the company are eligible to participate in the share based compensation plans of NVIDIA Corporation Inc. USA, the ultimate holding company ("NV Corp") and are granted incentives in the form of restricted stock units (RSU's) and Employee stock purchase plan (ESPP) as per terms and conditions specified in these plans.

Amended and Restated 2007 Equity Incentive Plan

The 2007 Plan (as amended from time to time) authorizes the issuance of incentive stock options, non-statutory stock options, restricted stock, RSU, stock appreciation rights, performance stock awards, performance cash awards, and other stock-based awards to employees, directors and consultants.

Unless terminated sooner, the 2007 Plan is scheduled to terminate on April 26, 2030. The Board of NVIDIA Corporation may amend, suspend or terminate the 2007 Plan at any time. No awards may be granted under the 2007 Plan while the 2007 Plan is suspended or after it is terminated.

31.1 Employee Stock Option Plan

Stock options previously granted to employees, subject to certain exceptions, vest over a four year period, subject to continued service, with 25% vesting on the anniversary of the hire date in the case of new hires or the anniversary of the date of grant in the case of grants to existing employees and 6.25% vesting at the end of each quarterly period thereafter. Stock options previously granted under the 2007 Plan generally expire ten years from the date of grant.

1) Below is the summary of share options

	March 31, 2024		March 31, 2023	
	Number of options	Weighted average grant date fair value (in USD)	Number of options	Weighted average grant date fair value (in USD)
Outstanding at the beginning of the year	31,680	0.98	80,480	1.02
Granted during the year	-	-	-	-

Exercised during the year*	(31,680)	0.98	(48,800)	1.05
Forfeited/Transfer out during the year			-	-
Outstanding at the end of the year	-	-	31,680	0.98
Exercisable at the end of the year	-	-	31,680	0.98

*The weighted average share price at the date of exercise for share options exercised during the year ended March 31, 2024 was USD 405.25 (2023: USD 195.93).

Note 1: No stock options expired during the period covered in the above table.

Note 2: The weighted average remaining contractual life of stock options outstanding at the end of the period is 0 years (2023: 0.47 years).

2) Fair Value of the options granted

The group has discontinued granting stock options to its employees since 2015. Options granted earlier were valued using Binomial valuation model which takes into account the exercise price, the term of the option, the share price of NVIDIA Corporation at grant date and expected volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

31 Share Based Payments (continued)

31.2 Restricted Stock Units

Subject to certain exceptions, RSUs granted to employees vest, subject to continued service, (i) over a four year period with 25% vesting on a pre-determined date that is close to the anniversary of the date of grant and 6.25% vesting quarterly thereafter, (ii) over a four year period, with 6.25% vesting on a pre-determined date that is close to the 3-month anniversary of the date of grant and 6.25% vesting quarterly thereafter, and (iii) over a three year period, with 40% vesting on a pre-determined date that is close to the anniversary of the date of grant and 7.5% vesting quarterly thereafter.

For unvested RSUs, dividend equivalents are not paid. The fair value of such RSUs is determined and fixed on the grant date based on the market price of NVIDIA Corporation's stock adjusted for the exclusion of dividend equivalents.

Below is the summary of RSU:

	March 31, 2024		March 31, 2023	
	Number of awards	Weighted average grant date fair value (in USD)	Number of awards	Weighted average grant date fair value (in USD)
Outstanding at the beginning of the year	1,681,118	168.70	1,854,199	126.26
Granted during the year	558,570	406.70	985,146	183.45
Group Transfer-in during the year	46,572	203.96	32,091	159.48
Group Transfer-out during the year	(8,883)	213.11	(26,242)	140.74
Vested / Exercised during the year*	(890,358)	168.53	(1,063,716)	110.20
Forfeited during the year	(39,622)	210.43	(100,360)	153.68
Outstanding at the end of the year	1,347,397	267.17	1,681,118	168.70

*The weighted average share price at the date of vest / exercise for awards vested / exercised during the year ended
March 31, 2024 was USD 562.13 (2023: USD 177.66).

Note 1: No RSU's expired during the period covered in the above table.

Note 2: The weighted average remaining contractual life of RSUs outstanding at end of year is 1.33 years (2023: 1.38 years).

Significant estimates on RSU and its sensitivity analysis

RSU are stock awards and the cost of providing this benefit is typically less sensitive to changes in the current stock price. The key assumptions to which the cost is particularly sensitive is forfeiture rate which is currently 7% (2023: 7%). The following table summarizes the impact on the reported RSU cost for the year arising on account of change in the reported assumption by 200 basis points.

	March 31, 2024	March 31, 2023
	Forfeiture	Forfeiture

	Rate	Rate
Impact of increase in 200 bps on RSU expenses	(287)	(224)
Impact of decrease in 200 bps on RSU expenses	287	224

There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

31 Share Based Payments (continued)

31.3 Employee Share Purchase Plan (ESPP)

Amended and Restated 2012 Employee Stock Purchase Plan

In 2012, the shareholders of NVIDIA Corporation approved the 2012 Employee Stock Purchase Plan, as most recently amended and restated (the 2012 Plan).

Under the current offerings adopted pursuant to the 2012 Plan, each offering period is approximately 24 months, which is generally divided into four purchase periods of six months.

Employees are eligible to participate during their employment. Employees who participate may have up to 15% of their earnings withheld to the purchase of shares of common stock. The price of common stock purchased under the plan will be equal to 85% of the lower of the fair market value of the stock on the commencement date of each offering period and the fair market value on each purchase date within the offering. Employees may end their participation in the plan at any time during the offering period, and participation ends automatically on termination of employment. In each case, the employee's contributions are refunded.

a) Details of number and weighted average exercise price of ESPP:

	March 31, 2024	March 31, 2023
Shares purchased	145,731	170,873
Weighted average price (per share) (in USD)	650.37	193.81
Weighted average grant date fair value (per share) (in USD)	191.00	146.92

b) Fair Value of ESPP

The fair value of shares to be issued under the plan is determined using the Black-Scholes model at the commencement of an offering period.

(i) Exercise price is determined to be the closing price of the stock on the date of offering USD 125.12 to USD 630.27 (2023: USD 106.35 to USD 267.20)

(ii) Grant date: September 1 and March 1 of every year for existing employees and 1st day of the subsequent calendar month for new hires.

(iii) Value of the underlying share on the valuation date is determined by including the intrinsic value of the shares.

(iv) Expected price volatility is determined by calculating the historical stock price volatility over the same tenure - 31% to 67% (2023 - 43% to 72%)

(v) Risk Free Interest Rate is determined using the Treasury rates prevailing in U.S.A. - 3.9% to 5.5% (2023: 0% to 4.6%)

(vi) Dividend Yield is calculated by annualizing the latest quarterly dividend declared by NVIDIA Corporation - 0.1% (2023: 0.1%)

For ESPP shares, the expected term represents the average term from the first day of the offering period to the purchase date. The risk-free interest rate assumption used to value ESPP shares is based upon observed interest rates on U.S. Treasury bills appropriate for the expected term. The expected stock price volatility assumption for ESPP is estimated using historical volatility.

31.4 Expenses arising from share-based payment transactions recognised during the year as part of the employee benefit expense (refer note 23) were as follows:

	March 31, 2024	March 31, 2023
Total share based payment expense	16,365	12,788

Disclosure of earnings per share [Text Block]

Earnings per share

Earnings per equity share is calculated by dividing the net profit after taxation by the weighted average number of equity shares.

		Year ended March 31,	
28	Earnings Per Share	2024	2023
	Nominal value of equity share (INR) [A]	10	10
	Weighted average number of equity shares outstanding [B]	1,002,261	1,002,261
	Profit for the year [C] (INR. million)	3,994	3,565
	Earnings per share – Basic and Diluted (INR.) [(C)/(B)]	3,985	3,557

There is no dilution to the Basic Earnings per Share as there are no dilutive potential equity shares.
