| <b>Total</b>                  |                |                  | <b>4,000,000</b> |

#### 10. CHANGES IN DIRECTORS AND KEY MANAGERIAL PERSONNEL

During FY 2023/2024, Ms. Ronnette Lethea Grant was appointed as an Additional Director on the Board of the Company with effect from June 22, 2023 and further regularised as a director at the Annual General Meeting (“AGM”) of the Company held on September 29, 2023.

After the closure of FY 2023/2024, the following changes were made to the composition of the Board:

1. Ms. Deeksha Kaushal (DIN: 10574001), was appointed as a Whole-time Director and Chief Executive Officer of the Company on April 09, 2024 but resigned with effect from September 18, 2024.
2. Ms. Gitanjali Duggal (DIN:07500891), resigned as a director of the Company with effect from May 31, 2024.
3. Mr. Thirumalesh Gangappa (DIN: 01187482) resigned as a director of the Company with effect from June 30, 2024.
4. Mr. Siddhartha Mathai George (DIN: 08620661), was appointed as an additional director of the Company on September 18, 2024.

At present, the directors of the Company are as follows:

1. Ms. Laura Gandy
2. Ms Ronnette Lethea Grant
3. Mr. Siddhartha Mathai George

#### 11. DECLARATION BY INDEPENDENT DIRECTORS

The Company, being a private unlisted company, is not required to mandatorily comply with the provisions regarding independent directors in terms of the CA 2013. Thus, this declaration is not applicable to the Company.

#### 12. AUDITORS

The statutory auditors, M/s. S.R. Batliboi & Associates LLP (Firm registration number- 101049W/E300004), were appointed as Statutory Auditors in the 6th AGM of the Company held on September 29, 2023 for a period of 5 years commencing from the conclusion of 6th AGM of the Company till the conclusion of 11th AGM of the Company to be held in calendar year 2028.

#### 13. AUDITORS’ REPORT

Observations made by the auditors in the Auditors’ Report read with the relevant notes in the Notes on Accounts are self-explanatory and therefore, there are no further comments under section 134 (3)(f)(i) of the CA 2013.

#### 14. FRAUD REPORTING

No fraud was reported by the Statutory Auditors under Section 143(12) of the CA 2013 to the Board during the year under review.

#### 15. VIGIL MECHANISM

The provisions regarding vigil mechanism as provided under Section 177(9) of the CA 2013 read with Rule 7 of the Companies (Meetings of the Board and its Powers) Rules, 2014 are not applicable to the Company as it does not meet the applicability criteria prescribed for this under the CA 2013.

#### 16. NUMBER OF MEETINGS OF THE BOARD

The Board held a total of 4 (four) meetings during FY 2023/2024 on the following dates:

| S. No. | No. of Board Meeting | Date of Board Meeting |
|--------|----------------------|-----------------------|
| 1      | First Board Meeting  | 22 June 2023          |

|   |                      |                   |
|---|----------------------|-------------------|
| 2 | Second Board Meeting | 27 September 2023 |
| 3 | Third Board Meeting  | 12 December 2023  |
| 4 | Fourth Board Meeting | 12 March 2024     |

## 17. AUDIT COMMITTEE

The requirement of having an audit committee is not applicable to the Company as the Company does not meet the applicability criteria specified under Section 177 of the CA 2013 read with Rule 6 of the Companies (Meetings of the Board and its Powers) Rules, 2014.

## 18. EMPLOYEE STOCK OPTIONS (ESOP)

The Company did not offer any equity shares to its employees by way of employee stock options (ESOP) during FY 2023-2024.

## 19. DISCLOSURE OF REMUNERATION OF EMPLOYEES COVERED UNDER RULE 5(2) OF THE COMPANIES (APPOINTMENT AND REMUNERATION OF MANAGERIAL PERSONNEL) RULES, 2014

The requirement of disclosing remuneration of employees of the Company under Section 134(3) of the CA 2013 read with Rule 5(1) and Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is not applicable on the Company, since it is not a listed company.

## 20. LOANS, GUARANTEES AND INVESTMENTS

The Company did not provide any loans or guarantees or make any investments under the provisions of Section 186 of the CA 2013 during FY 2023/2024.

## 21. CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

The Company entered into various contracts/arrangements with related parties during FY 2023-2024, which were all on arm's length basis and in the ordinary course of business. The particulars of these transactions are provided in Form AOC-2 annexed herewith, as Annexure A.

Further, the disclosures regarding related party transactions (if any) required under the relevant accounting standard are detailed in the financial statements.

## 22. MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION BETWEEN END OF THE FINANCIAL YEAR AND DATE OF THE REPORT

There was no material change or commitment which affected the financial position of the Company between the end of the financial year of the Company and date of this Report.

## 23. RISK MANAGEMENT POLICY

In compliance with clause (n) of sub-section (3) of Section 134 of CA 2013 the Company has put in place a Risk Management Policy and also relies on its ultimate parent's risk management practices.

## 24. INTERNAL FINANCIAL CONTROLS

The Company has adequate internal control systems towards achieving efficiency and effectiveness in operations, optimum utilization of resources, cost reduction and effective monitoring thereof.

## 25. CORPORATE SOCIAL RESPONSIBILITY ("CSR")

The Company constituted its CSR Committee and has also formulated its CSR Policy, setting out the initiatives to be taken by the Company. The CSR Committee members meet regularly to review and approve CSR matters and the current members of the CSR Committee are:

- a) Ms. Laura Gandy
- b) Ms Ronnette Lethea Grant
- c) Mr. Siddhartha Mathai George

The annual report on Corporate Social Responsibility as required under section 135(2) read with rule 8(1) of the Companies (Corporate Social Responsibility Policy), Rules, 2014, is annexed herewith as "Annexure B". The CSR annual report sets out amongst other things, the CSR contribution required to be made by the Company for FY 2023-2024 and the carry forward excess CSR amount to the succeeding financial years.

## 26. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

#### ANNEXURE B

ANNUAL REPORT ON CSR ACTIVITIES FOR FINANCIAL YEAR COMMENCING ON APRIL 01, 2023 AND ENDING ON MARCH 31,

2024

## 1. Brief outline on CSR Policy of the Company:

The Company's CSR Policy is per Google LLC's global CSR Policy, and in consultation with Google.org. The Policy seeks to combine funding, innovation, in-kind giving, and technical expertise to support underserved communities and provide opportunity for everyone.

The Company, in compliance with Schedule VII of the India Companies Act 2013 and the Company's CSR Policy, seeks to undertake the following activities in India:

- (a) Eradicating hunger, poverty and malnutrition, promoting preventive health care and sanitation and making available safe drinking water. Promoting social business projects like giving medical and legal aid, treatment to road accident victims and provisions for aid and appliances to differently abled persons.
- (b) Promoting education, including special education and employment enhancing vocational skills especially among children, women, elderly and differently abled and livelihood enhancement projects.
- (c) Promoting gender equality, empowering women, setting up homes and hostels for women and orphans; setting up old age homes, day care centers and such other facilities for senior citizens and measures for reducing inequalities faced by socially and economically backward groups.
- (d) Ensuring environmental sustainability, ecological balance, protection of flora and fauna, animal welfare and agroforestry, conservation of natural resources and maintaining quality soil, air and water
- (e) Protection of national heritage, art and culture including restoration of buildings and sites of historical importance and works for art; setting up public libraries, promotion and development of traditional arts and handicrafts.
- (f) Measure for the benefit of armed forces veterans, war widows and their dependents.
- (g) Training to promote rural sports, nationally recognized sports, Paralympic sports and Olympic sports
- (h) Contribution to the Prime Minister National Relief Fund or any other fund setup by the central government for socio-economic development and relief and welfare of the scheduled tribes, other backward classes, minorities and women.
- (i) Contributions or funds provided to technology incubators located within academic institutions which are approved by the central government.
- (j) Rural development projects.

### Disclosure in auditor's report explanatory [Text Block]

#### INDEPENDENT AUDITOR'S REPORT

To the Members of Google India Digital Services Private Limited

Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of Google India Digital Services Private Limited ("the Company"), which comprise the Balance sheet as at March 31 2024, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

?

#### Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except with respect to accounting software, the Company does not have server physically located in India for the daily backup of the books of account and other books and papers maintained in electronic mode from April 01, 2023 to August 13, 2023 as stated in note 38 to the financial statements and the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g).

(c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

(d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended;

(e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;

(f) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

(g) The provisions of section 197 read with Schedule V of the Act are not applicable to the Company for the year ended March 31, 2024;

(h) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under section 143(3)(b) and paragraph 2(i)(vi) below on reporting under rule 11(g);

(i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer note 27 to the financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented that, to the best of its knowledge and belief, , no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

?

v. No dividend has been declared or paid during the year by the Company.

vi. Based on our examination which included test checks, as described in note 38 to the financial statements, the Company has used payroll software which is operated by a third-party software service provider and accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that in respect of accounting software, audit trail feature is not enabled for certain changes made, if any, using privileged/ administrative access rights, as described in the note 38 to the financial statements.

Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with where audit trail has been enabled.

Annexure 1 referred to in paragraph under the heading “Report on other legal and regulatory requirements” of our report of even date  
Re: Google India Digital Services Private Limited (“the Company”)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) a) (A) The Company has not capitalized any Property, plant and equipment in the books of the Company and accordingly, the requirement to report on clause 3(i)(a)(A) of the Order is not applicable to the Company.

(B) The Company has maintained proper records showing full particulars of intangible assets.

b) The Company has not capitalized any Property, plant and equipment in the books of the Company and accordingly, the requirement to report on clause 3(i)(b) of the Order is not applicable to the Company.

c) There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order is not applicable to the Company.

d) The Company has not revalued its intangible assets during the year ended March 31, 2024. The Company has not capitalized any Property, plant and equipment in the books of the Company.

e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) a) The Company’s business does not require maintenance of inventories and accordingly, the requirement to report on clause 3(ii)(a) of the Order is not applicable to the Company.

b) The Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.

?

b) During the year the Company has not made investments, provided guarantees, provided security and granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(b) of the Order is not applicable to the Company.

c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c) of the Order is not applicable to the Company.

d) The Company has not granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties.

Accordingly, the requirement to report on clause 3(iii)(d) of the Order is not applicable to the Company.

e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(e) of the Order is not applicable to the Company.

f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.

(iv) There are no loans, investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

(vi) The Company is not in the business of sale of any goods or provision of such services as prescribed. Accordingly, the requirement to report on clause 3(vi) of the Order is not applicable to the Company.

(vii) a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. The provisions relating to sales-tax, duty of customs, duty of excise, value added tax and service tax are not applicable to the Company.

b) The dues of goods and services tax, provident fund, employees' state insurance, income tax, cess and other statutory dues have not been deposited on account of any dispute, are as follows:

| Name of the statute  | Nature of dues | Amount (in million) | Amount paid under protest * (in million) | Period to which the amount relates | Forum where the dispute is pending   |
|----------------------|----------------|---------------------|------------------------------------------|------------------------------------|--------------------------------------|
| Income Tax Act, 1961 | Income tax     | 221                 | 44                                       | AY 2020-21                         | Income Tax Appellate Tribunal        |
| Income Tax Act, 1961 | Income tax     | 18                  | -                                        | AY 2022-23                         | Commissioner of Income Tax (Appeals) |

\* Paid subsequent to the year ended March 31, 2024.

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix) a) The Company did not have any outstanding loans or borrowings or interest thereon due to any lender during the year. Accordingly, the requirement to report on clause ix(a) of the Order is not applicable to the Company.

b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.

d) The Company did not raise any funds during the year hence, the requirement to report on clause (ix)(d) of the Order is not applicable to the Company.

e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.

f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) a) The Company has not raised any money during the year by way of initial public offer/ further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.  
?

b) The Company has not made any preferential allotment or private placement of shares/ fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

(xi) a) No fraud/ material fraud by the Company or no fraud / material fraud on the Company has been noticed or reported during the year.

b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) a) The Company is not a Nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a) of the Order is not applicable to the Company.

b) The Company is not a Nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(b) of the Order is not applicable to the Company.

c) The Company is not a Nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with sections 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xiii) of the Order insofar as it relates to section 177 of the Act is not applicable to the Company.

(xiv) a) The Company has an internal audit system commensurate with the size and nature of its business.

b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause 3(xvi)(a) of the Order is not applicable to the Company.

b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause 3(xvi)(b) of the Order is not applicable to the Company.

c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.

d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.

(xvii) The Company has not incurred cash losses in the current financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 35 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in note 30 to the financial statements.

b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in note 30 to the financial statements.

Annexure 2 to the Independent auditor's report of even date on the financial statements of Google India Digital Services Private Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Google India Digital Services Private Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements

was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to these financial statements.

?  
Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

## Textual information (19)

### Disclosure of significant accounting policies [Text Block]

#### 1. Corporate information

The financial statements of the Company for the financial year ended March 31, 2024 were authorised for issue in accordance with a resolution of the directors dated September 26, 2024.

Google India Digital Services Private Limited ("the Company") was incorporated on January 25, 2017. The Company has been setup to undertake business of any form of electronic payment facilitation mechanism through operation of "Google Pay" application in India.

#### 2. Basis of preparation

##### A. Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended March 31, 2023, the Company had prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('Indian GAAP'). With effect from April 01, 2023, the Company is required to prepare its financial statements under the Indian Accounting Standards ('Ind AS') prescribed under section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended. The Company has adopted the Ind AS standards and the adoption was carried out in accordance with Ind AS 101 - 'First time adoption of Indian Accounting Standards'.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in Indian rupees and all values are rounded to the nearest million (INR 000,000), except otherwise indicated.

##### B. Basis of measurement

The Ind-AS financial statements have been prepared on a historical cost convention and on an accrual basis.

#### 3. Material accounting policies

##### a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- i. Expected to be realised or consumed in normal operating cycle
- ii. Held primarily for the purpose of trading
- iii. Expected to be realised within twelve months after the reporting period, or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i. It is expected to be settled in normal operating cycle
- ii. It is due to be settled within twelve months after the reporting period, or
- iii. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

##### b. Foreign currencies

###### (i) Functional and presentation currency

The financial statements of the Company's operations are measured using the currency of the primary economic environment in which the Company operates (the "functional currency"). The financial statements are presented in INR'000,000, which is the Company's functional and presentation currency.

###### (ii) Transactions and balances

Transactions in currencies other than the Company's functional currency ("foreign currency") are recorded at rates of exchange which

approximates the actual rates on the date of the transaction. At each reporting date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the reporting date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items and on translation of monetary items are included in profit or loss for the financial year. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the financial year except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

#### c. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

#### (i) Fair value hierarchy

The Company categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 — Quoted prices (unadjusted) in active market for identical assets or liabilities that the Company can access at the measurement date,
- Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 — Unobservable inputs for the asset or liability

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

#### (ii) Assets and liabilities measured at fair value

Management has determined that the carrying amounts of cash and cash equivalents, trade and other receivables, amounts due from/(to) related companies, and trade and other payables, based on their notional amounts, reasonably approximate their fair values because these are mostly short-term in nature.

#### d. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

#### i) Income from Business support services / License fee payments

Revenue from rendering of business support services is recognized on accrual basis for services rendered and billed as per the terms of specific contracts. While rendering the provision of payment transaction facilitation services, if the revenue falls short of the cost incurred for the same, such cost are recovered plus an agreed profit margin. Any excess of revenue over the cost and agreed margins is recognised as license fee and is netted off with gross revenue from direct customers.

#### ii) Revenue from provision of payment transaction facilitation and other services

Revenue from payment transaction facilitation and other services is billed to its customers and is recognized over the terms of its service agreement entered with its customers.

#### iii) Reimbursement of cost of rewards and interest net of interest income on fixed deposits

Reimbursement of cost of rewards and interest expense is recognized as per the terms of specific contracts, which are reimbursed on a cost-to cost basis.

#### iv) Contract balances

**Contract assets**

Contract assets represents service rendered for which bill is yet to be raised in terms of the agreement with respective customers.

**Trade receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (m) Financial instruments – initial recognition and subsequent measurement.

**Contract liabilities**

Contract liabilities represents advance billings to customers against which service is yet to be rendered to the customers.

?

**v) Other income****Interest**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "Other income" in the statement of profit and loss.

**e. Taxes**

The tax expense for the year comprises current and deferred tax.

**(i) Current income tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authority. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Current tax assets and tax liabilities are offset where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**(ii) Deferred tax**

Deferred tax is recognised in respect of all temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, except where the deferred tax asset or liability arises from the initial recognition of an asset or liability which affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised only to the extent that it is probable that there will be suitable future taxable profits available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets are reviewed at each reporting date and adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be utilised.

Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and laws enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in profit or loss, other comprehensive income or directly in equity.

Deferred income tax assets and deferred income tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current income tax liabilities and deferred income taxes relate to the same taxable company and the same taxation authority.

**f. Intangible assets****Recognition and measurement**

Intangible assets having finite useful life are measured at cost less accumulated amortisation and any accumulated impairment losses.

Expenditure incurred on intangible assets including on internally generated intangible assets are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss as incurred.

**Amortisation**

Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use and is generally recognised in depreciation and amortisation in Statement of profit and loss. Amortization methods and useful lives are reviewed periodically, including at each financial year end.

Intangible assets under development consist of fees paid for development of software license.

Intangible assets taken by the Company are amortised over a period of two years based on agreement.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

g. Impairment of non-financial assets and financial assets measured at cost

The carrying amounts of the non financial and financial assets measured at cost (intangible assets) are reviewed at each reporting date to determine whether there is any indication of impairment in value. If any such indication exists, the assets' recoverable amount is estimated.

An impairment in value is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups. Impairment in value is recognised in profit or loss.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

?

The fair value less costs to sell is the amount obtainable from the sale of an asset or cash generating unit in an arm's length transaction between knowledgeable, willing parties, less costs of disposal.

Value in use is the present value of estimated future cash flows expected to be derived from the continuing use of an asset and from its disposal at the end of its useful life, discounted at a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit for which the future cash flow estimates have not been adjusted.

An assessment is made at each reporting date as to whether there is any indication that an impairment in value recognised in prior periods for an asset may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated.

An impairment in value recognised in prior periods is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment in value was recognised. An impairment in value is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of any depreciation/amortisation, if no impairment in value had been recognised.

Reversals of impairment in value are recognised in profit or loss. After such a reversal, the depreciation/amortisation is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

h. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation, and

the amount of the obligation can be estimated reliably.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as an interest expense.

Where the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset but only when recovery is virtually certain. The expense relating to any provision is presented in the income statement net of any reimbursement. The Company's categories of provisions are detailed as follows:

i. Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit plan for its employees, viz., gratuity. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

The date of the plan amendment or curtailment, and

The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and

Net interest expense or income

Compensated absences

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

?

j. Share-based payments

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions) of the ultimate holding Company – Alphabet Inc.,

Equity-settled transactions

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted and is recognised as an expense over the vesting period, which ends on the date on which the relevant employees become fully entitled to the award.

Restricted share units ("RSUs") are measured based on the fair market values of the underlying share on the dates of grant.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

The Company is required to estimate the expected forfeiture rate (based on historical experience) and only recognise an expense for those shares expected to vest. To the extent the actual forfeiture rate is different from the estimate; the share-based payment is adjusted prospectively. The movement in cumulative expense since the previous balance sheet date is recognised in the Statement of Profit or Loss and Other Comprehensive Income, with a corresponding entry in equity ("Other equity reserves" account).

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

#### Cash-settled transactions

The Company does not have share-based payment resulting from cash-settled transactions.

#### k. Financial assets

Financial assets are recognised in the statement of financial position when, and only when, the Company becomes a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss ("FVTPL"), directly attributable transaction costs.

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired or has been transferred and the Company has transferred substantially all risks and rewards of ownership.

On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that has been recognised directly in equity is recognised in profit or loss.

All regular way purchases and sales of financial assets are recognised or derecognised on the trade date i.e. the date that the Company commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned.

#### Classification and measurement

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income ("FVTOCI"), or FVTPL), and
- those to be measured at amortised cost.

A financial asset is measured at amortised cost if it has not been designated as FVTPL and meets both of the following conditions:

- it is held within a business model whose objective is to hold to collect contractual cash flow; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at FVTOCI if it has not been designated as FVTPL and meets both of the following conditions:

- it is held within a business model whose objective is both to hold to collect contractual cash flow and sell financial assets and;
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. All the Company's debt instruments are measured at amortised cost as the assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost.

A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The Company's debt instruments consist of the following:

- Loans
- Debt securities
- Deposits
- Trade receivables
- Bank balances

**Impairment of debt instruments measured at amortised cost**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18.

For trade receivables, including intercompany trade receivables, the company applies the simplified approach permitted by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics. The Company uses judgement in making assumptions around the risk of default and expected loss rates, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

For loans owed from related parties, the Company applies the general approach to providing for expected credit losses, as prescribed by Ind AS 109. The general expected credit loss model under Ind AS 109, requires the calculation of '12 month expected credit losses' (losses based on defaults which are possible within 12 months of the reporting date) for financial assets, unless the asset at the reporting date is not considered to be 'low credit risk' and is deemed to have had a 'significant increase in credit risk' since initial recognition, in which case lifetime expected credit losses should be recorded.

Management consider amounts due from related parties to have 'low credit risk' when they have a low risk of default and the issuer has a strong capacity to meet its contractual cash flow obligations in the short term.

Deposits represent payments made to landlords as security for leased premises and are initially measured at the consideration paid to the lessor less loss allowance. Subsequently deposits are measured at amortised cost using the effective interest rate method. For deposits the Company applies the simplified approach permitted by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the deposits.

Deposits are presumed to be fully recoverable, where:

- the Company remains in the leased property and is within the period of existing leasing terms,
- there is no indication that there has been damage to the premises, or a breach of contract has occurred, that would suggest a lease deposit balance would not be received in full, and
- the Company is up to date with all its lease payments and is meeting any other contractual commitments required in the lease contract.

An expected credit loss will be calculated when the Company has exited the lease and the balance has become aged or any of the criteria above have not been met. Expected credit loss calculations for lease deposit balances will be made on a lease by lease basis and will factor in the following:

- ageing of lease balance outstanding,
- past precedent and historic trends in successfully recouping lease balances, and
- general market conditions in relation to the rental sector.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

**I. Financial liabilities**

Financial liabilities are recognised in the statement of financial position when, and only when, the Company becomes a party to the contractual provisions of the financial instrument.

Financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities other than derivatives, directly attributable transaction costs.

Subsequent to initial recognition, all financial liabilities are measured at amortised cost using the effective interest method, except for derivatives, which are measured at fair value.

A financial liability is derecognised when the obligation under the liability is extinguished. For financial liabilities other than derivatives, gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

The Company's financial liabilities are classified as follows:

- Financial liabilities held at amortised cost

The classification depends on the purpose for which the financial liabilities were acquired. Management determines the classification of its financial liabilities at initial recognition.

(i) Financial liabilities held at amortised cost

Financial liabilities at amortised cost are included in "trade and other payables" in the statement of financial position.

Loans and borrowings are classified as current liabilities, unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Interest expense relating to the financial liability is recognised in profit or loss on a time proportion basis using the effective interest rate method.

Trade payables and other payables represent liabilities for goods and services provided to the Company prior to the end of the financial year, which are unpaid and arise when the Company becomes obliged to make future payments in respect of the purchase of these goods and services. Trade payables approximate fair value due to their short term nature. The amounts are unsecured and are generally paid within 45 days terms.

m. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

n. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

o. Equity instruments issued

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Ordinary shares are classified as equity and recognised at the fair value of the consideration received by the Company. Incremental costs directly attributable to the issuance of new shares are shown in the equity as a reduction from the proceeds.

p. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q. Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

r. Segment reporting

Identification of segments

The Company's operating businesses are organised and managed separately according to the nature of services provided, with each segment representing a strategic business unit that offers different services and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

s. New and amended standards

Ministry of Corporate Affairs ("MCA") has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated 31 March 2023, MCA to amend the following Ind AS which are effective for annual periods beginning on or after 01 April 2023. The Company applied for the first time these amendments.

(i) Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Company's standalone financial statements.

(ii) Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

?

(iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases.

The Company previously recognised for deferred tax on leases on a net basis. As a result of these amendments, the Company has recognised a separate deferred tax asset in relation to its lease liabilities and a deferred tax liability in relation to its right-of-use assets. Since, these balances qualify for offset as per the requirements of paragraph 74 of Ind AS 12, there is no impact in the balance sheet. There was also no impact on the opening retained earnings as at 01 April 2022.

Apart from these, consequential amendments and editorials have been made to other Ind AS like Ind AS 101, Ind AS 102, Ind AS 103, Ind AS 107, Ind AS 109, Ind AS 115 and Ind AS 34.

t. Standards notified but not yet effective

There are no standards that are notified and not yet effective as on the date.

u. Climate - related matters

The Company considers climate-related matters in estimates and assumptions, where appropriate. This assessment includes a wide range of possible impacts on the Company due to both physical and transition risks. Even though climate-related risks might not currently have a significant impact on measurement, the Company is closely monitoring relevant changes and developments.

## Textual information (20)

### Disclosure of significant accounting policies [Text Block]

#### 1. Corporate information

The financial statements of the Company for the financial year ended March 31, 2024 were authorised for issue in accordance with a resolution of the directors dated September 26, 2024.

Google India Digital Services Private Limited ("the Company") was incorporated on January 25, 2017. The Company has been setup to undertake business of any form of electronic payment facilitation mechanism through operation of "Google Pay" application in India.

#### 2. Basis of preparation

##### A. Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended March 31, 2023, the Company had prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('Indian GAAP'). With effect from April 01, 2023, the Company is required to prepare its financial statements under the Indian Accounting Standards ('Ind AS') prescribed under section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended. The Company has adopted the Ind AS standards and the adoption was carried out in accordance with Ind AS 101 - 'First time adoption of Indian Accounting Standards'.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in Indian rupees and all values are rounded to the nearest million (INR 000,000), except otherwise indicated.

##### B. Basis of measurement

The Ind-AS financial statements have been prepared on a historical cost convention and on an accrual basis.

#### 3. Material accounting policies

##### a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- i. Expected to be realised or consumed in normal operating cycle
- ii. Held primarily for the purpose of trading
- iii. Expected to be realised within twelve months after the reporting period, or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i. It is expected to be settled in normal operating cycle
- ii. It is due to be settled within twelve months after the reporting period, or
- iii. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

##### b. Foreign currencies

###### (i) Functional and presentation currency

The financial statements of the Company's operations are measured using the currency of the primary economic environment in which the Company operates (the "functional currency"). The financial statements are presented in INR'000,000, which is the Company's functional and presentation currency.

###### (ii) Transactions and balances

Transactions in currencies other than the Company's functional currency ("foreign currency") are recorded at rates of exchange which

approximates the actual rates on the date of the transaction. At each reporting date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the reporting date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items and on translation of monetary items are included in profit or loss for the financial year. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the financial year except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

#### c. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

#### (i) Fair value hierarchy

The Company categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 — Quoted prices (unadjusted) in active market for identical assets or liabilities that the Company can access at the measurement date,
- Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 — Unobservable inputs for the asset or liability

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

#### (ii) Assets and liabilities measured at fair value

Management has determined that the carrying amounts of cash and cash equivalents, trade and other receivables, amounts due from/(to) related companies, and trade and other payables, based on their notional amounts, reasonably approximate their fair values because these are mostly short-term in nature.

#### d. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

#### i) Income from Business support services / License fee payments

Revenue from rendering of business support services is recognized on accrual basis for services rendered and billed as per the terms of specific contracts. While rendering the provision of payment transaction facilitation services, if the revenue falls short of the cost incurred for the same, such cost are recovered plus an agreed profit margin. Any excess of revenue over the cost and agreed margins is recognised as license fee and is netted off with gross revenue from direct customers.

#### ii) Revenue from provision of payment transaction facilitation and other services

Revenue from payment transaction facilitation and other services is billed to its customers and is recognized over the terms of its service agreement entered with its customers.

#### iii) Reimbursement of cost of rewards and interest net of interest income on fixed deposits

Reimbursement of cost of rewards and interest expense is recognized as per the terms of specific contracts, which are reimbursed on a cost-to cost basis.

#### iv) Contract balances

**Contract assets**

Contract assets represents service rendered for which bill is yet to be raised in terms of the agreement with respective customers.

**Trade receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (m) Financial instruments – initial recognition and subsequent measurement.

**Contract liabilities**

Contract liabilities represents advance billings to customers against which service is yet to be rendered to the customers.

?

**v) Other income****Interest**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "Other income" in the statement of profit and loss.

**e. Taxes**

The tax expense for the year comprises current and deferred tax.

**(i) Current income tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authority. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Current tax assets and tax liabilities are offset where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**(ii) Deferred tax**

Deferred tax is recognised in respect of all temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, except where the deferred tax asset or liability arises from the initial recognition of an asset or liability which affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised only to the extent that it is probable that there will be suitable future taxable profits available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets are reviewed at each reporting date and adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be utilised.

Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and laws enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in profit or loss, other comprehensive income or directly in equity.

Deferred income tax assets and deferred income tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current income tax liabilities and deferred income taxes relate to the same taxable company and the same taxation authority.

**f. Intangible assets****Recognition and measurement**

Intangible assets having finite useful life are measured at cost less accumulated amortisation and any accumulated impairment losses.

Expenditure incurred on intangible assets including on internally generated intangible assets are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss as incurred.

**Amortisation**

Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use and is generally recognised in depreciation and amortisation in Statement of profit and loss. Amortization methods and useful lives are reviewed periodically, including at each financial year end.

Intangible assets under development consist of fees paid for development of software license.

Intangible assets taken by the Company are amortised over a period of two years based on agreement.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

g. Impairment of non-financial assets and financial assets measured at cost

The carrying amounts of the non financial and financial assets measured at cost (intangible assets) are reviewed at each reporting date to determine whether there is any indication of impairment in value. If any such indication exists, the assets' recoverable amount is estimated.

An impairment in value is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups. Impairment in value is recognised in profit or loss.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

?

The fair value less costs to sell is the amount obtainable from the sale of an asset or cash generating unit in an arm's length transaction between knowledgeable, willing parties, less costs of disposal.

Value in use is the present value of estimated future cash flows expected to be derived from the continuing use of an asset and from its disposal at the end of its useful life, discounted at a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit for which the future cash flow estimates have not been adjusted.

An assessment is made at each reporting date as to whether there is any indication that an impairment in value recognised in prior periods for an asset may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated.

An impairment in value recognised in prior periods is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment in value was recognised. An impairment in value is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of any depreciation/amortisation, if no impairment in value had been recognised.

Reversals of impairment in value are recognised in profit or loss. After such a reversal, the depreciation/amortisation is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

h. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation, and

the amount of the obligation can be estimated reliably.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as an interest expense.

Where the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset but only when recovery is virtually certain. The expense relating to any provision is presented in the income statement net of any reimbursement. The Company's categories of provisions are detailed as follows:

i. Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit plan for its employees, viz., gratuity. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

The date of the plan amendment or curtailment, and

The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and

Net interest expense or income

Compensated absences

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

?

j. Share-based payments

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions) of the ultimate holding Company – Alphabet Inc.,

Equity-settled transactions

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted and is recognised as an expense over the vesting period, which ends on the date on which the relevant employees become fully entitled to the award.

Restricted share units ("RSUs") are measured based on the fair market values of the underlying share on the dates of grant.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

The Company is required to estimate the expected forfeiture rate (based on historical experience) and only recognise an expense for those shares expected to vest. To the extent the actual forfeiture rate is different from the estimate; the share-based payment is adjusted prospectively. The movement in cumulative expense since the previous balance sheet date is recognised in the Statement of Profit or Loss and Other Comprehensive Income, with a corresponding entry in equity ("Other equity reserves" account).

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

#### Cash-settled transactions

The Company does not have share-based payment resulting from cash-settled transactions.

#### k. Financial assets

Financial assets are recognised in the statement of financial position when, and only when, the Company becomes a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss ("FVTPL"), directly attributable transaction costs.

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired or has been transferred and the Company has transferred substantially all risks and rewards of ownership.

On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that has been recognised directly in equity is recognised in profit or loss.

All regular way purchases and sales of financial assets are recognised or derecognised on the trade date i.e. the date that the Company commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned.

#### Classification and measurement

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income ("FVTOCI"), or FVTPL), and
- those to be measured at amortised cost.

A financial asset is measured at amortised cost if it has not been designated as FVTPL and meets both of the following conditions:

- it is held within a business model whose objective is to hold to collect contractual cash flow; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at FVTOCI if it has not been designated as FVTPL and meets both of the following conditions:

- it is held within a business model whose objective is both to hold to collect contractual cash flow and sell financial assets and;
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. All the Company's debt instruments are measured at amortised cost as the assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost.

A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The Company's debt instruments consist of the following:

- Loans
- Debt securities
- Deposits
- Trade receivables
- Bank balances

**Impairment of debt instruments measured at amortised cost**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18.

For trade receivables, including intercompany trade receivables, the company applies the simplified approach permitted by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics. The Company uses judgement in making assumptions around the risk of default and expected loss rates, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

For loans owed from related parties, the Company applies the general approach to providing for expected credit losses, as prescribed by Ind AS 109. The general expected credit loss model under Ind AS 109, requires the calculation of '12 month expected credit losses' (losses based on defaults which are possible within 12 months of the reporting date) for financial assets, unless the asset at the reporting date is not considered to be 'low credit risk' and is deemed to have had a 'significant increase in credit risk' since initial recognition, in which case lifetime expected credit losses should be recorded.

Management consider amounts due from related parties to have 'low credit risk' when they have a low risk of default and the issuer has a strong capacity to meet its contractual cash flow obligations in the short term.

Deposits represent payments made to landlords as security for leased premises and are initially measured at the consideration paid to the lessor less loss allowance. Subsequently deposits are measured at amortised cost using the effective interest rate method. For deposits the Company applies the simplified approach permitted by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the deposits.

Deposits are presumed to be fully recoverable, where:

- the Company remains in the leased property and is within the period of existing leasing terms,
- there is no indication that there has been damage to the premises, or a breach of contract has occurred, that would suggest a lease deposit balance would not be received in full, and
- the Company is up to date with all its lease payments and is meeting any other contractual commitments required in the lease contract.

An expected credit loss will be calculated when the Company has exited the lease and the balance has become aged or any of the criteria above have not been met. Expected credit loss calculations for lease deposit balances will be made on a lease by lease basis and will factor in the following:

- ageing of lease balance outstanding,
- past precedent and historic trends in successfully recouping lease balances, and
- general market conditions in relation to the rental sector.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

**I. Financial liabilities**

Financial liabilities are recognised in the statement of financial position when, and only when, the Company becomes a party to the contractual provisions of the financial instrument.

Financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities other than derivatives, directly attributable transaction costs.

Subsequent to initial recognition, all financial liabilities are measured at amortised cost using the effective interest method, except for derivatives, which are measured at fair value.

A financial liability is derecognised when the obligation under the liability is extinguished. For financial liabilities other than derivatives, gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

The Company's financial liabilities are classified as follows:

- Financial liabilities held at amortised cost

The classification depends on the purpose for which the financial liabilities were acquired. Management determines the classification of its financial liabilities at initial recognition.

(i) Financial liabilities held at amortised cost

Financial liabilities at amortised cost are included in "trade and other payables" in the statement of financial position.

Loans and borrowings are classified as current liabilities, unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Interest expense relating to the financial liability is recognised in profit or loss on a time proportion basis using the effective interest rate method.

Trade payables and other payables represent liabilities for goods and services provided to the Company prior to the end of the financial year, which are unpaid and arise when the Company becomes obliged to make future payments in respect of the purchase of these goods and services. Trade payables approximate fair value due to their short term nature. The amounts are unsecured and are generally paid within 45 days terms.

m. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

n. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

o. Equity instruments issued

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Ordinary shares are classified as equity and recognised at the fair value of the consideration received by the Company. Incremental costs directly attributable to the issuance of new shares are shown in the equity as a reduction from the proceeds.

p. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q. Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

r. Segment reporting

Identification of segments

The Company's operating businesses are organised and managed separately according to the nature of services provided, with each segment representing a strategic business unit that offers different services and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

s. New and amended standards

Ministry of Corporate Affairs ("MCA") has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated 31 March 2023, MCA to amend the following Ind AS which are effective for annual periods beginning on or after 01 April 2023. The Company applied for the first time these amendments.

(i) Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Company's standalone financial statements.

(ii) Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

(iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases.

The Company previously recognised for deferred tax on leases on a net basis. As a result of these amendments, the Company has recognised a separate deferred tax asset in relation to its lease liabilities and a deferred tax liability in relation to its right-of-use assets. Since, these balances qualify for offset as per the requirements of paragraph 74 of Ind AS 12, there is no impact in the balance sheet. There was also no impact on the opening retained earnings as at 01 April 2022.

Apart from these, consequential amendments and editorials have been made to other Ind AS like Ind AS 101, Ind AS 102, Ind AS 103, Ind AS 107, Ind AS 109, Ind AS 115 and Ind AS 34.

t. Standards notified but not yet effective

There are no standards that are notified and not yet effective as on the date.

u. Climate - related matters

The Company considers climate-related matters in estimates and assumptions, where appropriate. This assessment includes a wide range of possible impacts on the Company due to both physical and transition risks. Even though climate-related risks might not currently have a significant impact on measurement, the Company is closely monitoring relevant changes and developments.

## Textual information (21)

### Disclosure of changes in accounting policies, accounting estimates and errors [Text Block]

#### 34 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

#### A. Judgements

Revenue – Principal versus Agent Consideration:

The Company evaluates itself as a principal or agent in its transactions relating to the sale of products based on the following factors:

"a) The Company is primarily responsible for fulfilling the promise to provide the specified good or service. "

"b) The Company has discretion in establishing the price for the specified good or service."

#### B. Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(i) Taxes - Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(ii) Provisions - The Company estimates the provisions that are present obligations as a result of past events, and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting date and are adjusted to reflect the current best estimates.

(iii) Expected credit losses on financial assets - The Company uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, product type, customer type and rating, and coverage by letters of credit and other forms of credit insurance). The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

"(iv) Defined benefit plans - The cost of the defined benefit obligation is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries. Further details about gratuity obligations are given in note 29."

(v) Fair value measurement of financial instruments - When the fair value of financial assets and financial liabilities recorded on the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair value.

(vi) Useful lives estimation - The charge in respect of periodic depreciation and amortization is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of property, plant and equipment, though these rates in certain cases are different from lives prescribed under Schedule II of the Companies Act, 2013.

(vii) Share based payments - The Company initially measures share-based payments and transactions at fair value and recognizes over the vesting period. Fair value in case of Restricted Stock Units (RSUs) is the market value as on grant date and of options is determined using Black Scholes valuation model. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the

valuation model including the expected life of the option, volatility and dividend yield and making assumptions about them. For share-based payment transactions, the liability needs to be re-measured at the end of each reporting period up to the date of settlement, with any changes in the fair value recognized in the statement of profit and loss. This requires a reassessment of the estimates used at the end of each reporting period. The assumptions and model used for estimating value for share-based payment transactions are disclosed in note 28 to the financial statements.

### Disclosure of financial instruments [Text Block]

#### 33 Financial instruments-fair value and risk management

##### A. Category-wise classification of financial instruments

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments

|                             | Carrying value |                |                | Fair value     |                |                |
|-----------------------------|----------------|----------------|----------------|----------------|----------------|----------------|
|                             | March 31, 2024 | March 31, 2023 | April 01, 2022 | March 31, 2024 | March 31, 2023 | April 01, 2022 |
| Financial assets:           |                |                |                |                |                |                |
| Valued at amortized cost    |                |                |                |                |                |                |
| Trade receivables           | 2,605          | 1,912          | 1,470          | 2,605          | 1,912          | 1,470          |
| Cash and cash equivalents   | 9,794          | 5,235          | 7,883          | 9,794          | 5,235          | 7,883          |
| Other financial assets      | 981            | 904            | 578            | 981            | 904            | 578            |
|                             | 13,380         | 8,051          | 9,931          | 13,380         | 8,051          | 9,931          |
| Financial liabilities:      |                |                |                |                |                |                |
| Trade payables              | 4,012          | 2,145          | 2,005          | 4,012          | 2,145          | 2,005          |
| Borrowings                  | -              | -              | 4,593          | -              | -              | 4,593          |
| Other financial liabilities | 4,851          | 2,462          | 136            | 4,851          | 2,462          | 136            |
|                             | 8,863          | 4,607          | 6,734          | 8,863          | 4,607          | 6,734          |

The management assessed that cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables and trade payables approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

##### Fair value hierarchy

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

Quantitative disclosures fair value measurement hierarchy for assets and liabilities as at March 31, 2024:

#### B. Financial risk management objectives and policies

##### Financial risk management framework

The Company is exposed primarily to market risk (fluctuations in foreign currency exchange rates), credit risk and liquidity risk, which may adversely impact the fair value of its financial instruments.

The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

##### i) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, credit, liquidity and other market changes.

##### ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to its operating activities when revenue or expense is denominated in a foreign currency.

##### Details of unhedged foreign currency exposure:

The year-end foreign currency exposures that have not been hedged by a derivative instrument or otherwise are as under:

|                   | Foreign<br>Currency | Amount<br>in<br>foreign<br>currency<br><br>(USD in<br>millions) | Amount | Conversion<br>Rate |
|-------------------|---------------------|-----------------------------------------------------------------|--------|--------------------|
| Trade receivables |                     |                                                                 |        |                    |
| March 31, 2024    | USD                 | 1                                                               | 107    | 83.33              |
| March 31, 2023    | USD                 | 1                                                               | 65     | 82.22              |
| April 01, 2022    | USD                 | 3                                                               | 236    | 75.81              |

**Foreign currency sensitivity:**

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

|                | Change in rate |          | Effect on profit before tax |            | Effect on pre-tax equity |            |
|----------------|----------------|----------|-----------------------------|------------|--------------------------|------------|
|                | Increase       | Decrease | Increase                    | (Decrease) | Increase                 | (Decrease) |
| March 31, 2024 | 1%             | 1%       | 0.01                        | -0.01      | 0.01                     | -0.01      |
| March 31, 2023 | 1%             | 1%       | 0.01                        | -0.01      | 0.01                     | -0.01      |
| April 01, 2022 | 1%             | 1%       | 0.03                        | -0.03      | 0.03                     | -0.03      |

**iii. Credit risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instrument.

**Trade receivables**

The Company has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. The Company's exposure and credit ratings of its counterparties are continuously monitored, and the aggregate value of transactions is reasonably spread amongst the counterparties.

The average credit period on sales of services is 30 to 90 days. Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/ modified. The concentration of credit risk is limited due to the fact that the customer base is large. There is no customer (apart from the group companies) representing more than 10% of the total balance of trade receivables.

The movement in allowance for expected credit losses for the Company's trade receivable balances is presented below.

|                                      | March 31, 2024 | March 31, 2023 | April 01, 2022 |
|--------------------------------------|----------------|----------------|----------------|
| Balance at the beginning of the year | 202            | 65             | 11             |
| Recognized during the year           | 89             | 163            | 60             |
| Amounts written off                  | -94            | -26            | -6             |
| Balance at the end of the year       | 197            | 202            | 65             |

**iv. Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financing activities. The Company's approach to managing liquidity is to ensure, as far as possible that it will have sufficient liquidity to meet its liquidity when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

**Analysis of financial instruments by remaining contractual maturities**

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2024, March 31, 2023 and April 01, 2022:

**Financial liabilities**

| As at March 31, 2024        |             |              |          |       |
|-----------------------------|-------------|--------------|----------|-------|
|                             | Upto 1 year | 1 to 3 years | >3 years | Total |
| Trade payables              | 4,012       | -            | -        | 4,012 |
| Other financial liabilities | 4,851       | -            | -        | 4,851 |
|                             | 8,863       | -            | -        | 8,863 |
| As at March 31, 2023        |             |              |          |       |
|                             | Upto 1 year | 1 to 3 years | >3 years | Total |

## 36 Transfer pricing

The Company has undertaken necessary steps to comply with the transfer pricing regulations. The management is of the opinion that the international transactions are at arm's length and hence the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

## 37 The Code on Social Security, 2020

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/interpretation have not yet been issued. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

38 The Company is maintaining its books of account in electronic mode and these books of account are accessible in India at all times. The Company has maintained daily backup of books of accounts on servers located in India except that in respect of the accounting software, backup of books of accounts is maintained on a periodic basis on servers located outside India for the period of April 1, 2023 to August 13, 2023.

The Company has used payroll software which is operated by a third-party software service provider and accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that in respect of accounting software, audit trail feature is not enabled for certain changes made using privileged/ administrative access rights to the application and direct changes at the database level when using certain access rights. Further no instance of audit trail feature being tampered with was noted in respect of accounting software and payroll software where the audit trail has been enabled.

39 Reimbursable expense claimed from holding company, for which the Company is the primary obligor, are reflected as reimbursement under note 17. The following expenses are reflected as reimbursement, because these are reimbursed by holding company on a cost-to-cost without risk or reward to the Company at cost:

|                                                             | For the year ended | For the year ended |
|-------------------------------------------------------------|--------------------|--------------------|
|                                                             | March 31, 2024     | March 31, 2023     |
| Cost of rewards                                             | 4,991              | 5,458              |
| Interest expense (net of interest income on fixed deposits) | -95                | 74                 |
|                                                             | 4,896              | 5,532              |

During the previous year ended March 31, 2023 there were occurrences in which disbursements were made to 40 merchants without collections from users. The Company has taken appropriate steps to mitigate against any such recurrence. These events had no material impact on the financial statements.

42 For management purposes, the activities of the Company relate to single primary segment – provision of payment transaction facilitation and other services. The Chief Operating Decision Maker (CODM) monitors the financial information of the Company as a whole for evaluating financial performance, hence there are no reportable segments.

The geographical information analyses the Company's revenues by the Company's country of domicile (i.e. India) and other countries. In presenting the geographical information, segment revenue has been based on the geographic location of customers.

| Revenue from operations                 | For the year ended | For the year ended |
|-----------------------------------------|--------------------|--------------------|
|                                         | March 31, 2024     | March 31, 2023     |
| Sale within India (net) (refer note 17) | 10,003             | 6,998              |
| Sales outside India *                   | 4,896              | 7,303              |

\* includes reimbursement of cost of rewards and interest net of interest income on fixed deposits and rendering of business support services.

All non current assets are based in India.

#### 43 Capital management

For the purposes of the Company's capital management, capital includes issued share capital and all other equity reserves. The primary objective of the Company's capital management is to maximise shareholder value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment.

#### 44 Subsequent events

The Company evaluated all events and transactions that occurred after March 31, 2024 through September 26, 2024; the date the financial statements are issued. Based on the evaluation the Company is not aware of any other events or transactions that to require recognition or disclosure in financial statements.

45 There are no transactions with struck off companies under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956.

#### 46 Other statutory information

(i) The Company has not received any fund from any person(s) or entity(ies), including foreign entities ("Funding party") with the understanding (whether recorded in writing or otherwise) that the Company shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding party (ultimate beneficiaries); or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

(ii) The Company has not advanced or loaned or invested funds (either borrowed funds or share premium or any other sources or kind of funds) to any other person or entity, including foreign entities ("Intermediaries") with the understanding (whether recorded in writing or otherwise) that the Intermediary shall, whether, directly or indirectly lend or invest in other persons/ entities identified in any manner whatsoever by or on behalf of the Company ('ultimate beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

## Textual information (27)

### Disclosure of employee benefits [Text Block]

#### 29 Employee benefit obligations

##### Disclosures related to defined benefit plan

The Company has an unfunded defined benefit gratuity plan and governed by Payment of Gratuity Act, 1972. Under this plan, every employee who has completed at least five years of service is entitled to a gratuity on departure at 15 days salary for each completed year of service. The following tables summarise net benefit expenses recognised in the statement of profit and loss and the amount recognised in the Balance sheet for the gratuity plan:

##### A) Amount recognised in the Statement of Profit or loss

## Textual information (30)

## Disclosure of other provisions, contingent liabilities and contingent assets [Text Block]

## 27 Commitments and contingencies

## A. Capital and other commitments

March 31, 2024    March 31, 2023    April 01, 2022

Estimated amount of contracts remaining to be executed on capital account and not provided for    -    22    -

## B. Contingent liabilities

March 31, 2024    March 31, 2023    April 01, 2022

Claims against company not acknowledged as debts

Direct taxes for transfer pricing adjustment    -    433    -

The Company is contesting the adjustments/demands raised by the respective tax authorities and based on its internal assessment / advice from an expert, the management is confident that its position will likely be upheld in the appellate process. No tax expense has been accrued in the financial statements for the tax adjustments/demands raised. Management believes that the ultimate outcome of such proceedings will not have a material adverse effect on the Company's financial position and results of operations.

### Disclosure of corporate social responsibility explanatory [Text Block]

#### ANNEXURE B

ANNUAL REPORT ON CSR ACTIVITIES FOR FINANCIAL YEAR COMMENCING ON APRIL 01, 2023 AND ENDING ON MARCH 31, 2024

#### 1. Brief outline on CSR Policy of the Company:

The Company's CSR Policy is per Google LLC's global CSR Policy, and in consultation with Google.org. The Policy seeks to combine funding, innovation, in-kind giving, and technical expertise to support underserved communities and provide opportunity for everyone.

The Company, in compliance with Schedule VII of the India Companies Act 2013 and the Company's CSR Policy, seeks to undertake the following activities in India:

- (a) Eradicating hunger, poverty and malnutrition, promoting preventive health care and sanitation and making available safe drinking water. Promoting social business projects like giving medical and legal aid, treatment to road accident victims and provisions for aid and appliances to differently abled persons.
- (b) Promoting education, including special education and employment enhancing vocational skills especially among children, women, elderly and differently abled and livelihood enhancement projects.
- (c) Promoting gender equality, empowering women, setting up homes and hostels for women and orphans; setting up old age homes, day care centers and such other facilities for senior citizens and measures for reducing inequalities faced by socially and economically backward groups.
- (d) Ensuring environmental sustainability, ecological balance, protection of flora and fauna, animal welfare and agroforestry, conservation of natural resources and maintaining quality soil, air and water
- (e) Protection of national heritage, art and culture including restoration of buildings and sites of historical importance and works for art; setting up public libraries, promotion and development of traditional arts and handicrafts.
- (f) Measure for the benefit of armed forces veterans, war widows and their dependents.
- (g) Training to promote rural sports, nationally recognized sports, Paralympic sports and Olympic sports
- (h) Contribution to the Prime Minister National Relief Fund or any other fund setup by the central government for socio-economic development and relief and welfare of the scheduled tribes, other backward classes, minorities and women.
- (i) Contributions or funds provided to technology incubators located within academic institutions which are approved by the central government.
- (j) Rural development projects.

### Details CSR policy [Text Block]

The Company's CSR Policy is per Google LLC's global CSR Policy, and in consultation with Google.org. The Policy seeks to combine funding, innovation, in-kind giving, and technical expertise to support underserved communities and provide opportunity for everyone.

The Company, in compliance with Schedule VII of the India Companies Act 2013 and the Company's CSR Policy, seeks to undertake the following activities in India:

- (a) Eradicating hunger, poverty and malnutrition, promoting preventive health care and sanitation and making available safe drinking water. Promoting social business projects like giving medical and legal aid, treatment to road accident victims and provisions for aid and appliances to differently abled persons.
- (b) Promoting education, including special education and employment enhancing vocational skills especially among children, women, elderly and differently abled and livelihood enhancement projects.
- (c) Promoting gender equality, empowering women, setting up homes and hostels for women and orphans; setting up old age homes, day care centers and such other facilities for senior citizens and measures for reducing inequalities faced by socially and economically backward groups.
- (d) Ensuring environmental sustainability, ecological balance, protection of flora and fauna, animal welfare and agroforestry, conservation of natural resources and maintaining quality soil, air and water
- (e) Protection of national heritage, art and culture including restoration of buildings and sites of historical importance and works for art; setting up public libraries, promotion and development of traditional arts and handicrafts.
- (f) Measure for the benefit of armed forces veterans, war widows and their dependents.
- (g) Training to promote rural sports, nationally recognized sports, Paralympic sports and Olympic sports
- (h) Contribution to the Prime Minister National Relief Fund or any other fund setup by the central government for socio-economic development and relief and welfare of the scheduled tribes, other backward classes, minorities and women.
- (i) Contributions or funds provided to technology incubators located within academic institutions which are approved by the central government.
- (j) Rural development projects.

## Textual information (34)

### Description of share-based payment arrangement

a. Description of share-based payment arrangements "The Company has adopted the 2004 and 2012 Stock Option Plan of Alphabet Inc., USA (formerly Google Inc., USA), the ultimate holding Company. Under the plan, the employees of the Company may be granted options and restricted stock units (RSUs) of Alphabet Inc., in accordance with the terms and conditions as specified in the plan. The plan is assessed, managed and administered by Alphabet Inc. Options and RSUs granted to participants under the stock plan generally vest over four years contingent upon employment or service with us on the vesting date. The fair value of options granted is estimated at the date of grant using a Black-Scholes-Merton pricing model, taking into account the terms and conditions upon which the share options were granted. This model takes into consideration the following inputs that are required to compute the fair value of a stock option: i) the exercise price of the option; ii) the fair market value of the underlying share; iii) the expected term of the option; iv) the expected volatility of the price of the underlying share; v) the expected dividend yield of the underlying share; and vi) the risk-free interest rate over the expected term of the option. There are no cash settlement for equity awards. RSU awards are granted with no exercise price, and as such the fair value is equal to the market value of the stock on the date of grant and no valuation model is necessary. The fair value of the unvested portion of share-based payments granted is recognised over the remaining service period using the graded vesting (accelerated expense attribution method), net of estimated forfeitures. In determining whether an award is expected to vest, the Company uses an estimated, forward-looking forfeiture rate based upon historical forfeiture rates. Stock-based compensation expense recorded using an estimated forfeiture rate is updated for actual forfeitures annually. The expected life input is based on historical exercise patterns and post vesting termination behaviour. The risk-free interest rate input is based on United States Treasury yield curve in effect at the grant date. An annualised dividend yield set to zero as no dividends are expected. "

The plan is assessed, managed and administered by Alphabet Inc. Options and RSUs granted to participants under the stock plan generally vest over four years contingent upon employment or service with us on the vesting date.

The fair value of options granted is estimated at the date of grant using a Black-Scholes-Merton pricing model, taking into account the terms and conditions upon which the share options were granted. This model takes into consideration the following inputs that are required to compute the fair value of a stock option:

- i) the exercise price of the option;
- ii) the fair market value of the underlying share;
- iii) the expected term of the option;
- iv) the expected volatility of the price of the underlying share;
- v) the expected dividend yield of the underlying share; and
- vi) the risk-free interest rate over the expected term of the option.

There are no cash settlement for equity awards.

RSU awards are granted with no exercise price, and as such the fair value is equal to the market value of the stock on the date of grant and no valuation model is necessary.

The fair value of the unvested portion of share-based payments granted is recognised over the remaining service period using the graded vesting (accelerated expense attribution method), net of estimated forfeitures. In determining whether an award is expected to vest, the Company uses an estimated, forward-looking forfeiture rate based upon historical forfeiture rates. Stock-based compensation expense recorded using an estimated forfeiture rate is updated for actual forfeitures annually. The expected life input is based on historical exercise patterns and post vesting termination behaviour. The risk-free interest rate input is based on United States Treasury yield curve in effect at the grant date. An annualised dividend yield set to zero as no dividends are expected.

##### b. Expenses recognized in profit and loss

|                                                                      | For the year ended | For the year ended |
|----------------------------------------------------------------------|--------------------|--------------------|
|                                                                      | March 31, 2024     | March 31, 2023     |
| Expense arising from equity-settled share-based payment transactions | 139                | 103                |
|                                                                      | 139                | 103                |

The Company and Google LLC has entered into reimbursement agreement for employee equity incentives w.e.f. April 01, 2020 ("Agreement"). Based on such Agreement, Alphabet Inc. will charge the Company the amount of expense incurred towards stock based expense in connection with equity awards granted to the employees of the Company.

Accordingly, as at March 31, 2024, the Company has recorded a liability towards such charge amounting to Rs. 139 (March 31, 2023: Rs. 92), including cross charge from Google India Private Limited of Rs. 9 (March 31, 2023: Rs. 11) on an accrual basis.

##### c. Reconciliation of outstanding shares options

The following table reflects the number and weighted average exercise prices (WAEP) of, and movements in, equity awards during the years:

|  | March<br>31,<br>2024 | March<br>31,<br>2023 | April 01, 2022 |
|--|----------------------|----------------------|----------------|
|--|----------------------|----------------------|----------------|

|                                            | No. of shares | Weighted average exercise price | No. of shares ** | Weighted average exercise price | No. of shares | Weighted average exercise price |
|--------------------------------------------|---------------|---------------------------------|------------------|---------------------------------|---------------|---------------------------------|
| RSUs outstanding, beginning of the year    | 37,014        | 8,047                           | 45,240           | 6,964                           | 3,789         | 1,09,795                        |

## Textual information (37)

### Disclosure of earnings per share [Text Block]

#### 26 Earnings per share

Basic earnings per share amounts are calculated by dividing the loss for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the loss attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following table reflects the income and share data used in the basic and diluted earnings per share computations:

|                                                                         | For the year ended<br>March 31, 2024 | For the year ended<br>March 31, 2023 |
|-------------------------------------------------------------------------|--------------------------------------|--------------------------------------|
| Profit for the year attributable to the equity holders of the Company   | 1,104                                | 906                                  |

## Textual information (38)

### Disclosure of first-time adoption [Text Block]

#### 41 First time adoption of Ind AS

##### Transition to Ind AS

These are the Company's first set of financial statements which have been prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2023, the Company had prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for the year ending on March 31, 2024, together with the comparative period data as at and for the year ended March 31, 2023, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 01, 2022, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at April 01, 2022 and the financial statements as at and for the year ended March 31, 2023.

In preparing these financial statements, the Company has availed itself of certain exemptions and exceptions in accordance with Ind AS 101 as explained below:

##### a. De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply de-recognition requirements in Ind AS 109 prospectively to transactions occurring on or after the date of transition to Ind AS. Accordingly, the Company continues to de-recognise the financial assets and financial liabilities for transactions which have occurred before the date of transition to Ind AS.

##### b. Accounting estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS are consistent with estimates made as of the same date in accordance with previous GAAP.

##### Reconciliations between previous GAAP and Ind AS

##### i. Reconciliation of other equity as previously reported under Indian GAAP to Ind AS as at April 01, 2022 (date of transition to Ind AS) and March 31, 2023:

|                                                                                 | March 31, 2023 | April 01, 2022     |
|---------------------------------------------------------------------------------|----------------|--------------------|
| Other equity under previous GAAP                                                | 2,546          | 1,638              |
| Adjustments                                                                     | -              | -                  |
| Other equity as per Ind AS                                                      | 2,546          | 1,638              |
| ii. Total comprehensive income reconciliation for the year ended March 31, 2023 |                |                    |
|                                                                                 |                | For the year ended |
|                                                                                 |                | 31-Mar-23          |
| Net profit under previous GAAP                                                  |                | 908                |
| Reclassification of remeasurement gain of defined benefit plan, net of tax      |                | -2                 |
| Profit for the year under Ind AS                                                |                | 906                |
| Reclassification of remeasurement gain of defined benefit plan, net of tax      |                | 2                  |
| Total comprehensive income as per Ind-AS                                        |                | 908                |

a. Defined benefit liability

Under Ind AS, the actuarial gains and losses form part of re-measurement of the net defined benefit liability which is recognised in other comprehensive income. Under previous GAAP, actuarial gains and losses were recognised in the statement of profit and loss. Consequently, impact along with the tax effect of the same has been recognised in other comprehensive income under Ind AS.

b. Effect of income tax

Tax adjustments include deferred tax impact on account of differences between Ind AS and Previous GAAP. This has resulted in change in equity and profit and loss

c. Other comprehensive income

"Under Indian GAAP, the Company has not presented other comprehensive income (OCI) separately. Hence, it has reconciled Indian GAAP profit or loss to profit or loss as per Ind AS.

Further, Indian GAAP profit or loss is reconciled to total comprehensive income as per Ind AS."

d. Cash flow statement

The transition from Indian GAAP to Ind AS has not had a material impact on the statement of cash flows.
